

## Wants Urban Proposal Investigated

WASHINGTON (AP)—The U.S. Chamber of Commerce said today Congress should investigate the Housing and Home Finance Agency rather than elevate it to cabinet-rank as part of a new Urban Affairs Department.

Edwin P. Neilan, board chairman of the Bank of Delaware, presented the chamber's position in testimony before the Senate Government Operations Committee, of which Sen. John L. McClellan, D-Ark., is chairman. He said the urban affairs proposal, put forward by President Kennedy, should be rejected.

Neilan charged there are "serious weaknesses and abuses" in the way the housing agency handles federal community development programs. The agency's present federal subsidy programs for community development, he said, have led to land speculation and windfall profits, waste due to cleared land remaining idle and maladministration in many cases.

The housing agency would be incorporated in a cabinet-level urban department if Kennedy's proposal is not vetoed by either the House or Senate. The committee is holding hearings on the plan. Neilan said the resources to solve urban problems exist in the cities themselves. He said there was no evidence to suggest the federal government could be any more effective than local community leaders in marshaling these resources.

A spokesman for the National Association of Real Estate Boards also called for rejection of the urban proposal.

Henry E. Pogue, of Fort Thomas, Ky., told the committee in prepared testimony that the housing agency already has the necessary authority to promote economy and efficiency in its operations.

He also said that the federal government's present role in housing and urban renewal activities lacks the permanence which he said should characterize the functions of executive departments.

The association claims a membership of 70,800.

NEW YORK (AP)—It only took a few days of betting for Seymour Franklin to win that \$16,800, but it disappeared in three minutes at his home, he says.

Franklin, 47, a produce salesman, was lying in bed at his Bronx home Wednesday thinking about the \$16,800 killing he had made at Hialeah last week and Bowie on Monday, he said.

His doorbell suddenly interrupted his thoughts, he told police, and when he opened the door two armed men stepped inside and demanded: "Come on, Seymour. Where is the bundle?"

Franklin said he handed over the money in \$50 and \$100 bills and the men fled.

Franklin said he won the money in wagers placed with a bookie. In addition to his betting, he said he makes \$12,500 a year in his produce business.

His wife, Sophia, runs an antique store in Englewood, N.J., with her sister. She was surprised to learn of her husband's loss.

"I'll kill him," she exclaimed. "I knew he dabbled in horses a little bit, but not to this extent."

## Weather

Precipitation for January 5.23 inches; during the same period a year ago, 1.55 inches.

Experiment Station report for 24-hours ending at 8 a. m. Thursday, High 78, Low 48; precipitation .31 of an inch.

## Two Freed of Murder Charges

FORT SMITH, Ark. (AP)—Two Fort Smith Negroes were freed of second degree murder charges in separate trials Wednesday.

Goldman Woods was found innocent of the fatal shooting of Letcher Knox in a 58-minute trial without jury before Circuit Judge Paul Wolfe.

Woods waived the jury. He pleaded self defense.

A jury deliberated 30 minutes, then acquitted Bobby Eugene Vann of the shooting of his wife, Norma Jean, April 9, 1961 at their home.

Vann testified that he and his wife were grappling over a pistol when it discharged, killing her.

## U. S. Officer Shot in Head in Congo

By PETER GROSE

LEOPOLDVILLE, the Congo (AP)—The assistant U.S. military attaché in Leopoldville, Lt. Col. Hulen D. Stogner, 39, of El Paso, Tex., was shot in the head Wednesday night as he lay on his bed reading.

He died an hour later without regaining consciousness.

Within two hours, a Congolese chauffeur was arrested but a spokesman for the U.S. Embassy said questioning of him had provided no useful information.

The chauffeur was held in custody by U.N. Nigerian police, and a search was launched for Stogner's Congolese house boy and his night watchman.

U.N. and Congolese police were investigating the killing. No weapon was found, but plaster casts were taken of footprints found outside Stogner's quarters.

Nearly 500 Congolese troops encircled the Parc Hemibise residential section of Leopoldville within an hour of the attack. They searched all houses in the vicinity, including quarters of other diplomats.

G. McMurtree Godley, U.S. charge d'affaires, said an embassy secretary, Miss Elizabeth Tring of Washington, D.C., was sitting in the room with Stogner when the single shot was fired.

MOSCOW (AP) — The United States, Britain and France today protested against Soviet interference with Allied air corridors to Berlin.

The three Western embassies said in a terse statement that they had made written protests to the Soviet Foreign Ministry. No details were given.

Earlier, the three Allied occupying powers of West Berlin had rejected another Soviet request to restrict their air corridors between Berlin and Hanover and Hamburg to certain altitude levels.

Communist jets were heard breaking the sound barrier over Berlin today.

Passengers flying on a Berlin-Frankfurt airliner said that jets believed to be Soviet or East German flew close to their plane today. This air corridor is one of three assigned to the Western Allies for flights to and from the West to Berlin.

Wednesday Soviet MIGs buzzed several Western planes, including a light Royal Air Force transport carrying Sir Christopher Soles, British ambassador to West Germany.

Four times during the past week the Soviets have sought to reserve portions of the three air corridors to West Berlin for maneuvers. Each time the Western Allies have rejected the Soviet move, emphasizing that by four-power agreement every plane in the corridors must be separately announced and cleared by the four-power air safety center in West Berlin.

## 20 Sentenced

SEOUL, South Korea (AP)—A revolutionary court today sentenced 20 members of South Korea's banned Socialist parties to prison terms ranging up to 15 years for pro-Communist activity. Two defendants were acquitted.

## Leaves Show

LAS VEGAS, Nev. (AP) — A revolutionary court today sentenced 20 members of South Korea's banned Socialist parties to prison terms ranging up to 15 years for pro-Communist activity. Two defendants were acquitted.

## Steel Talks Are Opened Formally

By NORMAN WALKER

PITTSBURGH (AP)—Top negotiators met today in their first formal session aimed at reaching a new labor contract for the basic steel industry.

President David J. McDonald of the United Steelworkers Union sat down in a summit bargaining session with R. Conrad Cooper of U.S. Steel Corp., chief industry negotiator.

They met with aides while union and industry teams representing 11 major steel producers continued separate meetings.

Cooper and McDonald repeated their hopes they can reach a fast agreement but had no other comment.

## Space Trip Is Rescheduled for Friday

By BEM PRICE

CAPE CANAVERAL, Fla. (AP)—A 54-mile gale sweeping across the central Atlantic forced the United States today to cancel its ninth attempt to rocket Astronaut John H. Glenn Jr., around the world. The next try is Friday.

The storm, covering an area of about 27,000 square miles, was driving 18 foot waves through the area where Glenn would have to land in event of an emergency during the first few minutes after liftoff.

The center of this storm is located about 950 miles east of Bermuda.

The postponement was announced by Paul Haney, news director for the National Aeronautics and Space Administration, at 1:18 a.m. Eastern Standard Time.

As it did Wednesday, the "scrub" came after a special weather briefing for Project Mercury Director Walter C. Williams at the Cape Canaveral control center. The briefing began at midnight.

Immediately after the decision was made, the White House was advised of the further delay in the planned launch which was first scheduled for Dec. 20.

Glenn was awakened at 1:05 a.m. by his doctor, William Douglas, and advised of postponement.

Subsequently Douglas said that Glenn appeared to be somewhat disappointed and the doctor quoted Glenn as saying:

"Everything is still going but the weather. When we get weather we will go." The doctor said Glenn then went back to bed.

Earlier in the day Glenn's psychologist, Dr. Robert Voas, said the astronaut had heard of inquiries of newsmen on the subject of how he relaxed after these repeated postponements.

Voas said Glenn asked him to "tell the press my relaxation consists of sleeping." The doctor said Glenn did not take sleeping pills or tranquilizers.

At a post-midnight weather briefing for newsmen, Haney said: "Unsatisfactory weather is the central and eastern Atlantic caused postponement of the launch attempt for at least 24 hours."

That would mean sometime between 7:30 a.m. and 12:30 p.m. Friday.

## Justice Clears Way for Gambler

WASHINGTON (AP) — Justice Douglas of the Supreme Court cleared the way today for release on \$100,000 bond of Mickey Cohen, ex-gambler of Los Angeles, who is under prison sentence on a federal income tax conviction.

Douglas struck down a requirement imposed by U.S. District Judge George Boldt in Los Angeles that \$30,000 of the \$100,000 bond be made applicable to payment of Cohen's fine on the tax conviction.

The \$100,000 bond was granted by Douglas on Jan. 30, and he specified today that the grant carried no condition concerning payment of Cohen's fine.

## Expensive Shake

COLUMBUS, Ohio (AP) — The customer kept insisting that tavern operator Joseph Letow shake hands with him — with the left hand. Letow finally acceded.

A half-hour later, Letow told police, he noticed his \$200 ring was missing. So was the southpaw shaker.

## Workers Is Identified as Professor

ROCKFORD, Ill. (AP) — A pigment grinder in a paint factory, Verne Hansen, refused to talk today about his life as Dr. Carl Vernon Holmberg, a Syracuse University professor who disappeared in 1955.

Hansen, 45, who works as a \$1.90-an-hour laborer, was identified as the missing chemistry professor through a routine FBI fingerprint check.

Dr. Holmberg, a native of Sandpoint, Idaho, was married and the father of three boys when he was reported missing in Syracuse May 11, 1955. University officials at the time expressed fear he was an amnesia victim.

The gaunt, bespectacled Hansen was informed at the Rockford Paint Manufacturing Co. Wednesday of the identification linking him to the professor.

"It seems rather incredible," he said, appearing dismayed. "I do not see how a man can break off one life and start another. I don't know what I'm going to do now."

Hansen said his earliest recollection is that a motorist gave him a lift from Elgin, Ill., to Rockford sometime in 1955. He was wearing "a business suit. He had a few dollars, but no personal identification except an empty briefcase with the initials VH on it."

He said he decided to call himself Verne Hansen.

After giving newsmen the slip for several hours Wednesday night Hansen locked himself in his room in a second-class, downtown Rockford hotel.

The professor's wife, Dorothy, moved to California with her three sons—Carl, 18; Lee, 11, and Richard, 9—and divorced Holmberg two years ago. Last year she married Gordon Babcock, a consulting electronics engineer, and the family lives in Menlo Park.

## Rockefeller Buys Autos for \$6,400

LITTLE ROCK (AP) — Two antique automobiles which belonged to the late singer James Melton were purchased for the Winthrop Rockefeller collection at a tax auction here Wednesday.

A. R. Symonds, Rockefeller's agent bid a total of \$6,400—\$3,700 for a 1907 Stanley Steamer and \$2,700 for a 1933 Chrysler Imperial.

The cars were sold to apply on a federal income tax lien filed against Melton and his wife.

Rockefeller purchased the bulk of Melton's collection of old automobiles before the singer's death.

He plans to open an antique car museum on Petit Jean Mountain. Symonds will direct the museum.

## Six Brothers, Girl Perish in House Fire

KANKAKEE, Ill. (AP) — Six young brothers and a neighbor girl perished Wednesday night in a fire which destroyed their small frame house in nearby St. Anne Woods. The victims ranged in age from 1 1/2 to 12 years.

The mother of the six boys, Gwendolyn Mallory, 40, a widow, was at a neighbor's home, about a mile away in Pembroke Township, when the fire broke out about 11:30 p.m.

Fire Chief Robert Hayes said the fire was caused by defective wiring. The five-room house burned to the ground.

Police said Mrs. Mallory had left home about 10 p.m. and the children presumably had gone to bed. The mother had left the children in charge of her oldest son, Michael, 12.

In the home with him were his brothers, Harold, 8; Bruce, 7; Claude, 5; Robert, 2; and Mark, 1 1/2; and Barbara Ewing, 3, daughter of Thelma Ewing, a neighbor who is ill in a hospital in nearby Chilton.

The bodies of the children, all Negroes, were identified by a deputy coroner.

Mrs. Mallory's husband, Robert, was killed about 18 months ago in Chicago while working on a building which collapsed.

Kankakee is about 40 miles southwest of Chicago.

## Arkansan Elected

MEMPHIS (AP) — Dr. Lewis Hyatt of Monticello, Ark., was elected one of four vice presidents of the MidSouth Postgraduate Medical Assembly at its concluding session here Wednesday. Dr. Stanley A. Hill of Corinth, Miss., was named president — elect to succeed Dr. Gilbert J. Levy of Memphis who assumed the presidency Wednesday for a one-year term. The outgoing president is Dr. Lon E. Reed of Hot Springs.

## All Around Town

By The Star Staff

Politics seems to be picking up a bit in the county with four candidates for the Star to announce their candidacy . . . Jim Cole is the only newcomer to politics and he is running for Circuit Clerk . . . Jamie Russell will not seek a third term . . . Judge Orie Byers is running for his second term . . . Jimmie Griffin is seeking his third term as sheriff . . . Harry Hawthorne, who served two terms as county clerk, is now seeking his fifth term as county treasurer . . . there's nothing new in the way of candidates but it looks like a wide open season and there's almost sure to be plenty of others before the April filing deadline.

Friends will be happy to learn that C. C. (Cliff) Billings is reportedly "doing fine" following surgery Tuesday at the Baptist Hospital in Little Rock.

The Junior-Senior High PTA talent show is slated for Friday, Feb. 16 in the senior high auditorium starting at 7:30 . . . Sr. and Jr. high students will take part on the program . . . this is the only money-making project of the PTA during the year . . . admission is only 50 cents for adults and 25 cents for students.

Starting today Arkansas State Police will arrest any person not having 1962 auto tags displayed properly on their cars . . . periodic safety checks will be made throughout the area.

WORST IN MEMORY — THE WORST floods in memory are lapping at doorsteps, cutting highways, and isolating cities in six western states. More than 6,000 refugees are crowding exacuation centers. At Soda Springs, Idaho, floodwaters cut the highway going into the city. — NEA Telephoto

## Minuteman Scores 5th Straight

CAPE CANAVERAL, Fla. (AP) — The Air Force Minuteman missile scored its fifth straight underground launching success today on a 3,900-mile flight down the Atlantic range.

The distance covered was 300 miles farther than that of any previous Minuteman fired from underground. Surface launched Minutemen have traveled more than 4,000 miles. Intended combat range is 6,300 miles.

The 58-foot rocket sent a column of flame and smoke belching from the 85-foot-deep launching silo, then darted into the sky, pitching quickly to the southeast. The Air Force reported all three stages ignited as planned at about one-minute intervals and propelled the heavily instrumented nose cone to the target.

Major objectives were to gather additional data on the heat, shock, acoustic and vibration effects of the subterranean firing on the rocket.

The success would push the pushbutton intercontinental-range weapon another notch closer to operational deadline of next summer. Critical longer-range tests lie ahead.

## Orie Byers Announces for 2nd Term

Judge Orie O. Byers today authorized the Star to announce his candidacy for a second term as Hempstead County Judge. In making his announcement, Mr. Byers issued the following statement:

"To the citizens of Hempstead County, Arkansas:

"It is indeed a privilege to announce at this time, my candidacy for a second term as your County Judge.

"My family and I are very grateful for the confidence you expressed when you elected me for my first term. Because of that confidence and the honor you have given me, I have tried my very best to serve you impartially.

"Your continued support and vote will be greatly appreciated in the coming Primary Election."

Sincerely  
Orie O. Byers

## Local Eagle Scouts Are Honored

Eagle Scouts of the Caddo Area Council, Boy Scouts of America, who obtained that rank in 1961, were honored Tuesday night at the Terrace Room of the Town House in Texarkana. The class sponsor was Judge T. C. Chadwick, Chief Justice of the Civil Justice of the Civil Court of Appeals (Texas).

"Why I Believe in Scouting" was the theme of the meeting and the subject of the speeches after dinner. Among the speakers was Olen Overdorf, Scoutmaster of Troop 91 in Hope, whose message was "Why I Believe in Scouting as a Scoutmaster."

Johnny Schooley and Edward Bode were the only local scouts among the 13 honored. They were sponsored by local businessmen, Austin Hutson and Terrell Williams. The boys' fathers, Ernest Bode and Homer Schooley, also attended the dinner in Texarkana.

It was the first such banquet held in this area, and it is hoped to make it an annual affair.

## Jim Cole Is Candidate for Circuit Clerk

The Star has been authorized to announce the candidacy of Jim Cole for the office of Circuit Clerk of Hempstead County. Mr. Cole has never been a candidate for office before. In making his announcement, Mr. Cole issued the following statement:

"I am married and live at 1404 South Main Street, Hope. We have one daughter, Mrs. James Gilbert.

"I have operated the Double Dip Ice Cream Store in Hope for many years and through this business have become well known to the people of Hempstead County.

"I pledge to the voters that if elected to the office of Circuit Clerk, I will give friendly, courteous and efficient service to everyone.

"I earnestly solicit your support and vote and will endeavor to see as many of the people of the county as possible."

Jim Cole

## Local Class Has Picked Annual Play

"The Many Loves of Dobie Gillis" has been chosen for the Junior Play which will be presented Friday night, March 2 in the High School auditorium.

The following students were chosen for the play and have been practicing for a week, they are: Cherry Anderson, Glenda Ball, Mickey Baker, Jennifer Cox, Jan Ellis, Mary Alice Casten, Gene Davis, Jane Grigg, Linda Gibson, Sharon Green, Charles Horton, Dora Ann King, Pam Lance.

Larry Lawrence, Jeanie Lowe, Barbara O'Brien, Jean Paige, Pat Rogers, Karen Sheppard, Patsy Smith, Janet Terrell, Jancy Voss, David Waddle, Roy Wray and Kendall Yocum.

## Mrs. Mamie Spicer of McCaskill Dies Thursday

Mrs. Mamie Spicer, aged 79, a resident of McCaskill, died today in a Nashville hospital.

Survivors include five sons, J. B. Herschel, Cecil and Algie Spicer of Houston, Texas; and Luther Spicer of McCaskill and a daughter, Mrs. Lennie Horney of Houston.

Services will be held at 2 p.m. Friday at Avery's Chapel by Herndon-Cornelius Funeral Service.

## Snowstorm in East Adds to Weather Woes

BY THE ASSOCIATED PRESS

A snowstorm which outgassed forecasters heaped up to 2 feet of snow on parts of the Northeast Wednesday and today.

The area of heaviest snow was in eastern New York State, western Massachusetts, northern Rhode Island and southern New Hampshire and Vermont.

The storm began with lightning and sleet on the anniversary of the big St. Valentine's day storm of 1940. There were power failures as ice-laden wires snapped.

Schools closed and roads were left slippery and hazardous. Plane and train travel were disrupted.

In coastal New England and northern sections, the accumulation was less, but Cape Cod received 6 to 10 inches. The weather bureau said 24 inches fell near Tannersville, N.Y., in the Catskills.

At least eight deaths in New York State were attributed to exterior of snow-shovelers.

Kingston, N.Y., on the Hudson River, also had 2 feet of snow. Glens Falls, N.Y., reported 18 inches, Albany 16 inches, and Poughkeepsie, Newburgh and Watertown, all in Eastern New York, 11 inches or more.

Snow slacked off today, leaving 24 inches on the ground at Worcester, Mass. Boston's suburbs received a 15-inch coating, and the city itself caught 8 to 10 inches. At Somerset, Vt., the new snow depth was 17 inches, and at Providence, R.I., 16. Portland, Me., received 3 inches.

Farther south along the Atlantic Coast, weather was mild but a paralyzing fog hampered land, sea and air travel along Florida's east coast during the morning. Some flights to Miami were delayed to Key West. Some plane departures from Miami were delayed several hours.

New rain hit the West where heavy downpours have caused extensive damage. At Point Arguello, Calif., 1.08 inches fell in 6 hours. Rain and showers fell from California and Nevada into Oregon and Washington.

In Idaho, Nevada and Wyoming, severe flooding which followed a thaw of mountain snows, receded a bit. But many communities and thousands of acres of farmland were still inundated as residents began the cleanup work.

Snow and snow flurries continued during the night and early morning in the extreme eastern Ohio Valley, the northern and central Appalachians, the New England Coast and in the extreme northern Plains.

Other wet spots in the Plains region extended from Kansas and Nebraska to Oklahoma and central and eastern Texas, with rain and showers.

The third major wet belt covered Pacific Coast region. Rain, spread from southern Oregon to south central California. More than one inch doused Red Bluff, Calif., in a six-hour period, with one inch in San Francisco.

No severe cold was reported, with temperatures above zero throughout the country. Lowest readings were in northern New England.

Mild weather prevailed in most of the South, with temperatures in the 50s and 60s and the 70s in southern Texas.

In the western flood sections, Gov. Robert E. Smylie of Idaho estimated damage in the southeastern part of the state at more than \$5 million. President Kennedy has declared the section a disaster area and \$250,000 is to be sought from the federal government for emergency aid.

Damage in Wyoming has been estimated unofficially at \$1.2 million.

## Warehouse Burns

SEARCY, Ark. (AP) — A warehouse containing okra processing equipments destroyed by fire near here Tuesday. Officials said the structure owned by the Powell Truck Line, caught fire from burning grass. Damage was estimated at several thousand dollars.

## Scott Will Run in Pennsylvania

PHILADELPHIA (AP) — U.S. Sen. Hugh Scott today announced he is a candidate for the Republican nomination for governor of Pennsylvania.

The 61-year-old senator entered the race in an effort to keep the nomination from Judge Robert E. Woodside of the state Supreme Court.

Scott and the state Republican Finance Committee have opposed Woodside's efforts to get party endorsement on grounds the judge is not aggressive enough as a campaigner.

Atty. Walter Alessandro of Philadelphia, a former state commander of the American Legion, said he was withdrawing as a candidate for governor and would manage Scott's campaign.

Scott, who served 16 years in the U.S. House of Representatives before his election to the Senate in 1958, is backed by former President Dwight D. Eisenhower, either as the gubernatorial candidate or slate-maker.

## State Hires Chief of High Education

By JOHN R. STARR

LITTLE ROCK (AP)—The state commission on Coordination of Higher Educational Finance hired E. L. Angell, vice chancellor of Texas A&M as its first direct today.

Angell, 60, has been connected since 1953 with a Texas commission with functions similar to the one he is joining in Arkansas.

Angell said he would open an office in the Tower Building here and get to work immediately, studying the financial structure of the University of Arkansas and seven state supported colleges.

The Commission for which he will work was created at a 1961 special legislative session to examine the financial structure of institutions of higher learning and make recommendations to the 1963 legislature.

Angell said the short time before the 1963 session may make it impossible to come up with a complete financial program, but he would meet as soon as possible with college presidents to survey the situation.

Angell said he had discussed functions of the commission with one or two Arkansas college officials and "they seemingly welcome the agency."

"As colleges get more and more financing, they have got to get in a position where they can prove they are spending money wisely," Angell said. "They also must prepare a proper presentation of their needs. It is not enough simply to say they need more money. They must show why they need it."

Angell said he realized he would encounter varying problems at the various colleges.

"I recognize that colleges are different," he said. "You cannot pull them all through the same knothole."

W. E. Darby of Little Rock, commission chairman who announced the appointment of Angell at a noon conference today, said he was personally pleased that Angell had taken the post.

"We are getting a man with a world of experience in this kind of work," Darby said. "We won't have to put him through a training period."

Darby said since the Legislative Council had recommended creation of the commission and the legislature had created it, he felt the legislature would look with favor on the agency's recommendations in the field of college financing.

"If they don't, they should get another commission," Darby said.

Angell said he considered him-

PRESIDENT

CONGRESS

FEDERAL AGENCIES

SUPPLIERS

TREASURY

**PASSING THE BUCKS**—In family finances, things are pretty simple. Papa gets the paycheck, cashes it and then sweats over the bills. Or he may give mama the money and let her do the sweating. But when it's the U.S. government with billions of dollars to collect and spend, and three branches of government, armed forces, scores of bureaus and agencies and millions of employees to maintain, things get considerably more complicated. Basically, there are five main steps in federal spending:

(1) Each January the president presents a budget to Congress (to cover the fiscal year from the coming July 1 to the following June 30) which he believes will meet the nation's needs.

(2) Congress then considers and acts on these requests and decides on new obligatory authority. There are three ways this may be done:

• Appropriations. Congress authorizes agencies to order goods and services and to draw funds from the Treasury to pay for them.  
• Contract Authorizations. Agencies are allowed to contract for goods and services but not to make expenditures. Congress later passes appropriations to liquidate these contracts.  
• Debt Authorizations. Sometimes agencies are authorized to borrow money (usually through the Treasury) and to spend it.

(3) With one of these types of authority, federal agencies incur financial obligations.

(4) Suppliers produce goods and services; people apply for benefits (such as Social Security, veterans' benefits, etc.)

(5) The Treasury collects taxes and pays the bills. Actual cash only enters into the picture on this last level.

**OAKLAWN SHOW WINNER**—Lazy Mary B, pictured here with Vickiann Clark, Miss Hot Springs, and Trainer Doug Davis, Jr., was selected by judges as the top entry in the annual Juvenile Show held Sunday at Oaklawn Park in conjunction with Press Day activities. The 2-year-old filly is out of Roguish Mood by Nail and is owned by North F. Orycp. The press event signals the opening of the race season in Hot Springs Saturday.

## No Decision by Faubus on ESD Men

LITTLE ROCK (AP)—Gov. Orval Faubus said today he hadn't reached a decision in the case of two Employment Security Division employees the federal government had said should be fired by today for improper political activity in the governor's behalf.

Three employees, all holding supervisory jobs, were originally involved. One William Watkins, supervisor of employer audits, resigned effective Feb. 1.

The federal Civil Service Commission said Watkins; Charles F. Wood, assistant manager of the Little Rock office, and Luke Arnett, ESD attorney, solicited campaign contributions for Faubus in 1960 in violation of the federal Hatch Act.

The commission order was issued on Jan. 15 and the state had a month to comply.

Wood and Arnett may be retained, but the state stands to lose double the amount of their annual salaries if they are.

The ESD is operated by the state but with federal funds, which makes its employees subject to the Hatch Act, circumscribing political activity.

**Faubus Signs Vote Mch. Amendment**

LITTLE ROCK (AP)—Gov. Orval Faubus launched a campaign for a voting machine amendment today by signing a petition to get the proposal on the November general election ballot.

Faubus' name officially was the first one collected in the drive, but petitions have been being circulated for more than a week by the League of Women Voters.

When Herbert Thomas of Little Rock, chairman of the Steering Committee for the Voting Machine Amendment, handed Faubus the petition, the governor quipped, "You know my residence is in Madison county and the rest of the signatures on this petition will have to come from Madison county to be valid."

self simply a staff officer of the commission. "I'm just working for this group," he said. "I'll make recommendations to them and they will either buy them and pass them on to the legislature or put me to working on something else."

## Commentator, Wife Shot to Death

TARZANA, Calif. (AP)—Former radio news commentator Fleetwood Lawton and his wife, Virginia, were found shot to death Wednesday.

Police said they had killed themselves in a suicide pact at their home.

Lawton was known here for his news commentaries over radio station KFI in the 1930s and early 1940s. In recent years he worked for an insurance company.

The bodies were discovered after a nurse in a Hollywood doctor's office received a letter from the Lawtons which read: "When you read this, we will both be dead."

Police found a note on the front door which said: "This is a double suicide. Do not enter, call police."

Inside, officers found Lawton, 52, dressed in shorts, and his wife, 48, in a bathrobe. Each was shot through the heart. A revolver lay between them.

Friends told police Lawton had suffered serious financial setbacks in recent years.

**Arkansan Safe After Crash**

MARLOW, Okla. (AP)—Three members of an Air Force B58 Hustler bomber, including an Arkansan, parachuted to safety early today before the craft fell in flames on a southern Oklahoma farm. It was raining at the time.

Two of the crew members of the plane—from Carswell AFB, Fort Worth, Tex.—were found soon after the crash. A third member, Maj. John C. Irving, 41, Morrilton, Ark., was located later.

None of the three was seriously injured. Capt. Robert Fuller, 33, Waterlick, Va., received a fractured arm and Capt. Donald Avalon, 29, St. Louis, Mo., chin lacerations.

The jet fell on the J. C. Graham farm.

Mrs. Graham said the burning wreckage set fire to a large area of pastureland but that rain soon extinguished the burning grass.

**Pleads Innocent**  
HOT SPRINGS, Ark. (AP)—A plea of innocence was entered Wednesday by Fred Peppard, 37, a Hot Springs attorney who is charged with receiving, concealing and disposing of \$12,500 in U.S. securities. Peppard was recently indicted in federal court at Fort Smith but is free under \$2,000 bond. Trial is to be held during the week of April 16.

## Weather

## UA Science Center to Be Completed

FAYETTEVILLE, Ark. (AP)—Dr. David Mullins, president of the University of Arkansas, said Wednesday night the school's animal science center which has been under construction for eight years will be completed through a \$1 million made available by the 1961 legislature.

The funds will come from a \$7.5 million state construction program authorized by the legislature and financed through issuance of state "certificates of indebtedness."

Representatives from state-supported colleges will meet here Friday with state officials to discuss regulations under which the \$7.5 million will be spent.

At Osceola Tuesday, Mullins told a civic organization that the university has made substantial progress during the two years he has been president.

"We have been successful in securing increased financial support for operating programs for the university and colleges through by no means sufficient to meet increased demands," Mullins said.

Under the current building program, Mullins said, the university will receive \$2.1 million for construction of a science-engineering building.

This building is badly needed because of the increased enrollment in the School of Engineering, he said.

During the past two years, since he became head of the state's largest educational institution, the university has grown by nearly 1,000 students, Mullins said.

## Silent on Divorce

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller, who is being divorced by his wife of 31 years, declined to comment on whether New York state's stringent divorce law should be liberalized.

The only ground for divorce in New York state is adultery.

Rockefeller bridled when the divorce question was asked at a news conference Wednesday.

He had set a policy immediately after the announcement last November that he and Mrs. Rockefeller were terminating their marriage that he would answer only questions he considered "in the public domain."

Mrs. Rockefeller is establishing legal residence in Nevada.

## Trumann Project

WASHINGTON (AP)—The Public Health Service announced today that Trumann, Ark., received a \$37,202 federal grant toward a \$144,000 sewage disposal project.

## Disarmament Meet Hardly Worthwhile

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—The whole tortured and gloomy problem of disarmament is summed up in two conditions laid down by President Kennedy.

1. Any disarmament agreement, he told his news conference Wednesday, would have to cover the world and that must ultimately include Red China.

2. And he said any agreement must include an effective inspection system.

So one condition requires approval by the unpredictable—Red China. The other—inspection—calls for agreement on what has

been unobtainable after years of negotiations.

But the Red Chinese, whom this country won't even recognize as the legitimate government of mainland China, are not among the 18 nations which sit down at Geneva March 14 to try to reach a disarmament agreement.

Even if the 18 did reach an agreement it could not, in Kennedy's own words, have real meaning unless Red China was then brought in and, this is the truly unpredictable, agreed to what the 18 had agreed.

The ultimate problem is as simple—and as horribly complex—as that, remembering it's the Red Chinese who despise the doctrine of "peaceful coexistence" and insist communism must triumph through conflict.

The more immediate problem, just as complex, is getting the United States and Russia to agree on disarmament terms which include an inspection system to prevent cheating. Russia says inspection is spying.

The two sides have kicked around the idea of general disarmament since shortly after World War II. Banning nuclear tests became linked with it after 1954, a year in which the United States and Russia had big tests.

From then on both sides came under increasing pressure to talk about banning tests altogether. They started talking Oct. 31, 1958, and, on and off, had 353 sessions which finally broke up Jan. 29, 1962.

November first is the "day of the dead" in Mexico and, in every town, a fiesta is staged to honor the dead.

## Calendar

### Thursday, Feb. 15

The Bodcaw PTA will meet on Thursday, Feb. 15. The losers in a membership drive contest will be hosts to a supper beginning at 6:30 p.m. A life membership pin will be awarded at this meeting.

The VFW Auxiliary will meet Thursday at the VFW Hut at 7 p.m. All members are urged to attend.

The Lydia Sunday School Class of the First Baptist Church will meet in the home of Mrs. Burgess Garrett Thursday, Feb. 15 at 7:30 p.m.

### Friday, Feb. 16

The Junior and Senior High School pupils of Mrs. C. C. McNeill will give a recital in the Junior High School auditorium Friday, Feb. 16 at 4 p.m.

### Sunday, Feb. 18

The third part of the International Church-Wide Mission Study, which the Christian, Methodist, and Presbyterian Churches are uniting in having will be held at the Methodist Church on Sunday, Feb. 18. A light meal will be served potluck at 6 p.m. before classes are held for the different age groups at 6:30. In the Adult Division Mrs. Herbert Stephens and Gladwin Connell will be guest speakers.

### Monday, Feb. 19

Circle 5 of WSCS of the First Methodist Church will meet Monday, Feb. 19 at 7:30 p.m. in the home of Mrs. LaGrone Williams with Mrs. Kenneth Powell co-hostess.

### Monday, Feb. 19

Wesleyan Service Guild 2 of the First Methodist Church will meet at 7:30 p.m. Monday, Feb. 19 in the home of Mrs. Chris Petre, 300 E. 13th, with Mrs. Don Brown as co-hostess.

The Cathleen Mallory Circle of the First Baptist Church will meet Monday, Feb. 19 in the home of Mrs. Billy Rae Seal at 7:30. All members are urged to attend.

Wesleyan Service Guild Meets Mrs. James McLarty and Mrs. Inez Talarferro entertained the Wesleyan Service Guild No. 1 on Monday at the McLarty home, with Mrs. Glenice Porter presiding.

Mrs. Jett Bundy gave the devotion. An interesting program on the World Council of Churches Meeting in New Delhi was presented by Mrs. Hazel Castle, assisted by Mrs. Nan Taylor.

Missionary Education Chairman Mrs. Roy Stephenson, announced that the circle has received jurisdictional credit for their study on Latin America The next study on "The Meaning of Suffering" will begin Feb. 19 at 7 p.m. at the home of Mrs. Stephenson.

The hostesses served strawberry short cake and coffee to 14 members.

### PEO Meeting Held

Chapter AE, PEO met Tuesday, Feb. 13 at 3 p.m. in the home of Mrs. Robert Moore with Mrs. Rufus Sorrells as co-hostess. After the regular business session, Mrs.

E. P. O'Neal read her president's message to chapter members giving an interesting resume of chapter activities for the past year. During the social hour, refreshments were served from a beautiful Valentine tea table by Mrs. F. M. Horton and Mrs. O'Neal to 17 members.

### Ward-Garrett Vows Plugged

Mr. and Mrs. Wayne Ward of Heber Springs announce the marriage of their daughter, Beverly Jean to Larry Wayne Garrett, son of Mr. and Mrs. Hugh Garrett of Hope.

The ceremony was performed in Stillwell, Okla. on Nov. 26.

The bride is a sophomore at the U of A, where she is majoring in home economics and journalism. She is a member of Alpha Delta Pi sorority and is current editor of the college magazine, "The Agricultress." She was chosen Miss Cleburne Count of 1960-61.

The groom is a member of Sigma Pi fraternity and is a junior in the University School of Law. They will continue their studies at the university.

## Coming and Going

Mrs. Merrill Stone of Nashville, Tenn. is visiting this week with Mr. and Mrs. W. K. Lemley. Over the weekend Mr. and Mrs. W. A. Evans and Ken of Little Rock were guests of the Lemleys.

Mrs. B. C. Hyatt has returned from Perryville, where she visited the family of Dr. Ben Hyatt.

Mr. and Mrs. A. A. McDowell of Ft. Worth spent the weekend with their parents, Mr. and Mrs. J. S. McDowell. On Saturday Mr. and Mrs. Coy Clements of Irvin, Texas also visited the McDowells.

Mrs. Billie Crowell, Mrs. Frances Hartshorn and Bertram Schmeier, all of Bandera, Texas will be weekend guests of Mr. and Mrs. Manuel Hamm.

## Thankfully, He Was Covered

RIPLEY, Tenn. (AP)—The City Power Board, holding its meeting in a restaurant, adjourned abruptly after a light fixture fell from a ceiling and hit board member John A. Holmes Tuesday night. Holmes suffered a minor scalp cut. Others nearby were sprinkled with glass.

The restaurant owner checked his liability insurance policy and relaxed. His insurance agent, John A. Holmes.

## Startled by the Rule on Clothing

THOMASVILLE, Ga. (AP)—Women entering the City Association's first annual bowling tournament were taken aback over a rule on proper attire. Defining proper clothing the rule said: "nothing above the knee will be permitted." Tournament officials explained hastily that the rule referred to shorts. They must be at least knee length.

## PTA Talent Show Set for Friday Night

The annual PTA Talent Show will be held Friday, Feb. 16 at 7:30 p.m. in the high school auditorium. The admission will be 25 and 50 cents. This program will also be presented to high school students Wednesday, Feb. 21, during activity period as one of the previously paid assemblies from the Student Service Fund.

There will be the usual good talent always shown by Hope students. This year each class is represented by some form of talent, but also each high school organization has entered talent in this program. The Future Teachers of America is the host club of this particular show.

Among the acts is a skit by the senior class entitled "It's in the Book." Also the juniors are represented by a girl's trio consisting of Doris Ann King, Mary Alice Caston and Jane Grigg. Charles Carver will give a humorous reading in Negro dialect, there will be a boys' pantomime for the Student Council and Margie Herridon will give "Mary Had a Little Lamb."

Everyone is promised an interesting and entertaining evening and are urged to support this worthwhile project.

## JFK in Few Dilemmas, Stays Calm

By JAMES MARLOW

WASHINGTON (AP)—President Kennedy is hip deep in dilemmas but, compared with some of the other top men's difficulties, he is operating in an atmosphere almost as calm as his own rocking chair.

The President, while struggling with a decision on resuming nuclear tests, is trying to write an adroit answer rejecting Premier Khrushchev's call for an 18-nation summit meeting on disarmament. He can't afford to brush off the summit proposal lightly since any embarrassment to Khrushchev would ruin his present agreeableness; he can't let Khrushchev have a propaganda edge; and he must leave the door open to a summit meeting later.

That's a big order. But at home the President is getting only a little criticism from the Republicans, most busy criticizing themselves, and practically none from his own Democrats. It's different with Khrushchev.

He doesn't have that kind of domestic quietness while trying to concentrate on out-manoeuvring Kennedy aboard. He has had to wrestle with his Red Chinese allies and even Russian Stalinists who won't buy his soft-sell on communism.

Even Kennedy's two biggest allies, British Prime Minister Harold Macmillan and French President Charles de Gaulle, are in trouble at home and abroad.

Macmillan, working with Kennedy on dealing with Khrushchev, has been under sharp criticism in Britain. De Gaulle, trying to bring peace to Algeria in Africa, faces the possibility of civil war at home between left and right.

There are some solid reasons for Kennedy's not dashing off to a summit meeting, just because Khrushchev wants one next month.

Kennedy, like President Eisen-

NOW . . . AND THEN—The years have been kind to England's queen, Elizabeth II. She is shown, at left, in a recent picture; at right, as she appeared in 1952, first year of her reign, en route to open a session of Parliament.

## Religious Book Is Canceled

By JULES LOH

NEW YORK (AP)—A few weeks ago the board of parish education of the United Lutheran Church in America abruptly canceled the impending publication of a book that had been nearly six years in preparation.

Title of the book was "The Difference." It explored things that divide Lutherans and Catholics.

"Considerable time has elapsed since this course was first projected, and the climate has undergone a marked change in the interim," explained The Rev. Dr. Arthur H. Gelz of the board's editorial division.

"Recently the emphasis has been upon conversations between the two faiths," he said, "and stress is being laid upon understanding each other."

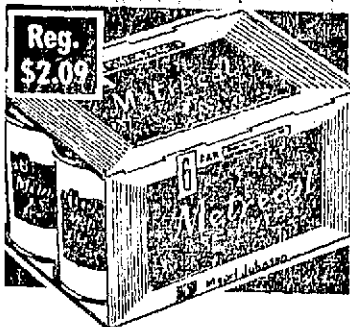

Similar manifestations of this new religious climate are occurring in every part of the nation, and it's safe to say that

next week's 28th annual Brotherhood Week will be observed in an atmosphere closer than ever before to that which its sponsor, the National Conference of Chris-

tion and Jews, seeks to promote. The new climate is reflected in a series of four pamphlets the NCCJ has issued for this year's observance. Their common title is "Platform of Good Will" and they present the viewpoints of Catholic, Protestant, Jew and Eastern Orthodox.

Though they were written separately, a thread of similarity runs through all four pamphlets which further points up today's emphasis on conversation and understanding noted by Dr. Gelz.

The Rev. Walter J. Ong, S.J., professor of English at St. Louis University, feels "the world into which we are moving is one which cannot endure unless men increase their understanding of one another," and that understanding is possible "only when there is some degree of communication between those seeking" it.

The Rev. Leonidas C. Contos, dean of the St. Sophia Greek Orthodox Cathedral in Los Angeles, says the followers of the various religions instead of talking to themselves, "have begun to say some meaningful things to each other."

Dr. Bernard Mandelbaum, provost of the Jewish Theological Seminary of America, also sees

## Same Robber for the Third Time

BIRMINGHAM, Ala. (AP)—A young gunman robbed R. D. Head of Dixie Finance Co. for the second time within a month.

"He told me I need not worry about him any more," Head told police Tuesday. "He told me he was leaving town this time."

The robber fled with a small amount of cash, Head said. Last time he got \$232.

## Slightly Improved

BURBANK, Calif. (AP)—Barnard Diane Crosby, 23, wife of singer Lindsay Crosby, is reported slightly improved but still on the critical list at St. Joseph Hospital.

Mrs. Crosby has not regained consciousness since she was taken to the hospital from her San Fernando Valley home Sunday night.

the need for conversation and suggests it begin by discussing similarities rather than differences. But he also says "this is not to imply that any energies needed to preserve the distinctive faiths should be diverted from that purpose."

### Husband Shows Off In Public at Wife's Expense

By HELEN WORDEN ERSKINE

Dear Helen: Men are funny, particularly my husband.

He is a lamb at home, gives me everything I want, loves me, does for me—but in public it's another story. Last night at a party friends complimented me on how young and pretty I looked. My husband demanded, "Who are you talking about? Quit kidding her. I am 33, she is 49."

I am size 12, do my hair a lovely shade of red gold, wear the right colors, and if the truth were told, look more like my husband's daughter than his wife.

I have borne him six children, keep a cozy and attractive home, and am considered a fine cook. Yet every time we go out, I become the butt for his insults.

I can't take it any more. At first I laughed off his barbs, pretending they didn't prick. Last evening was the straw that broke the camel's back. When I told him on the way home that he had made a fool of himself and me, he growled, "Grow up, only babies are thin-skinned." Please tell me how to handle a maddening situation like this. —Vi

Dear Vi: A woman can be twice as caustic-tongued as a man when she tries. Give your husband a double dose of his own medicine, mixed with good humor. Kid him about his age, his looks, and his idiosyncrasies until he cries for mercy. Then remind him that "only babies are thin-skinned"

Dear Helen: At 16 I am old

enough to work for my parents and do they work me! But I am not old enough to date. They fear I will fall for the wrong boy and spoil their good name. If they continue to restrict me, I will. At present I am secretly dating a boy of 20. Can they stop me from marrying him if we run away to Massachusetts? —In-Need-of-a-Friend

Dear In Need: In Massachusetts you cannot marry without the consent of your parents until you are 18. In addition, a blood test and three days wait for a license is required. Calm down. Enough teen-age marriages go on the rocks without adding one more to the wreckage.

Dear Helen: Are there really fairies and elves or are they just make-believe? My sister says there is no such thing. She is 10, I am 8. —Jill

Dear Jill: Sister to the contrary, I think everybody believes in fairies, especially the good ones. I do. I believe they are invisible but ever present and each bears a different name. One I called Guardian Angel; another, Intuition. Conscience is a very active one.

Send your problem to Helen Worden Erskine care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "A Sense of Humor." Dorothy Dix is a registered trademark. A Bell Syndicate Feature

The Yerger-Shover PITA will observe Founders Day on Feb. 19, in the Yerger High School Study Hall at 7:30 p.m. The speaker will be Mrs. Electa Wiley English instructor at the Blevins Training School. The public is invited.

Coming and Going Mr. and Mrs. R. D. George had as house guests recently Mrs. and Mrs. Odell Simpson, daughter Tracy and Mr. and Mrs. Jabbo Williams all of Rockford, Ill. They also visited other relatives in the city.

## Only Joking Says British Seaman

SAN FRANCISCO (AP) - A British sea captain making his last voyage after 46 years at sea explains he was only joking when he supplied newsmen with their story about a sailor who hated the sea.

"Really, I'm very proud of the sea-of being a sailor, and proud of my job," Capt. Geoffrey M. Fletcher of the liner Andes said Tuesday after talking with his company, the Royal Mail Line in London. "Otherwise, I wouldn't have followed the sea for 46 years."

Capt. Fletcher, who sails Thursday for Los Angeles, the next stop on his retirement voyage, said the company was unhappy that his humor had been taken seriously. Reporters after what the captain described as a joking press conference had reported that Capt. Fletcher followed a profession he disliked.

## Attack Is Fatal

CLARKSVILLE, Ark. (AP) - L. J. Hough, 69, of Lamar suffered a fatal heart attack Wednesday after helping firemen extinguish a grass fire near his home, about five miles east of here on U.S. Highway 64. A Clarksville physician attributed the attack to over exertion.

The Toggery Shop vs. Evelyn Burton. Action on account for \$27.00. Judgment by default for plaintiff for \$27.00 and interest.

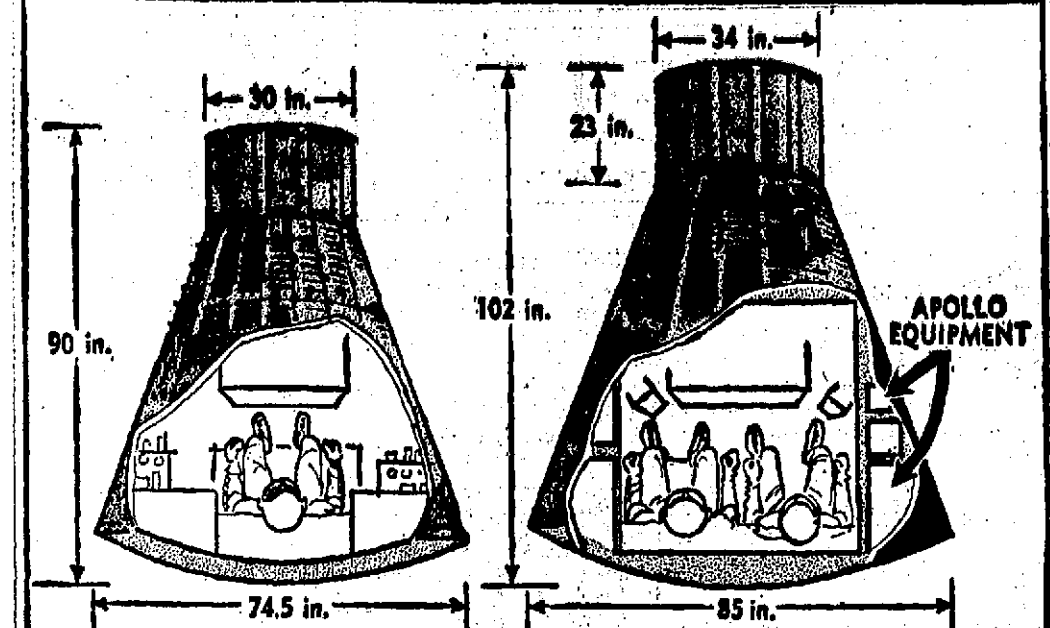

## White House Tour Termed Big Success

By CYNTHIA LOWRY AP TV-Radio Writer  
NEW YORK (AP)—Wednesday night's "Tour of the White House," produced by CBS and shared by NBC, gave every American an opportunity to stroll through the historic home of our presidents in the most informed company possible, its current mistress.

Mrs. John F. Kennedy, obviously reveres the old place and has accumulated a vast store of information about its history. She thus was a marvelous guide. It was informative, entertaining television at its very best and credit is due largely to the easy, authoritative commentary by Mrs. Kennedy as the cameras traveled through the public rooms of the President's house.

The First Lady casually laced her commentary with historical tidbits - that Abraham Lincoln was angered because his wife spent so much for the carpet in the East Room; that Thomas Jefferson introduced the nation to macaroni, waffles, and ice cream; that Woodrow Wilson so disliked Teddy Roosevelt's stuffed animal heads in the state dining room that he always seated himself so he couldn't see them while eating.

The program used many old engravings and drawings to show changes in the White House over the years. There was one effective sequence of Lincoln portraits made each year between 1861 and 1865, during which his face changed from that of a vital man in middle life to an old, haggard and tired one.

NEXT AFTER MERCURY—While America's first manned space flight program, Project Mercury, is still in its opening stages, NASA planners are looking ahead to the next step. This will be a capsule similar to Mercury, as shown in drawing above. To be about 1/2 per cent larger than Mercury, it will carry two men—and thus has been unofficially dubbed Gemini, or "the twins." First of 18 flights is scheduled for 1963. The advance Mercury is itself a step toward the three-man Apollo spacecraft, which will eventually take men around the moon and back, and will be used to test out Apollo component

## BROWNSTONE GOTHIC

by Elizabeth Shonk

THE STORY: Jenny has had one of her mysterious "attacks" and is confined to her room.

Chapter 10  
Marie brushed back the tip of one of the ostrich plumes which she had removed from one of Madame's old hats, curled, and now wore with pleasure in her modish, hand-made hat.

"That girl, she is in love with you, she said amoyed that she had to raise her voice in the noisy, crowded room.  
Race Nod poured more wine into Marie's glass. "Which one?"  
"You know which one. The little niece of Madame."  
She looked full at Race and saw him stiffen. His eyes glinted with the strange glow she'd seen before, to her cost. She drew back, instinctively, but he relaxed and sipped his wine.

"That, Petite, will be all of that I can get for you."  
"No, it will not!" Her heart was beating hard. "She is in love with you. You do not know, perhaps, that she has made of you a picture?" She was pleased to see this startled him. "I have seen it. It is turned to the wall, mostly, and Miss Jenny thinks no one knows of it, but one day, Madame sends me with a message: I open the door, Miss Jenny is alone, looking at this picture. She is very angry when she sees me. Quick, she puts away the picture, but I have already seen. It is like you very much and she did not copy it from your face."  
He didn't answer, but signaled for more wine from one of the waiter girls.

They were spending Marie's evening out at one of the most popular concert saloons, The Star and Garter, so named by Hogan, its Anglophobic owner. Mr. Hogan's humor had further led him to place a bright purple garter above the knee of each waiter girl, while each bosom glittered with a diamond-paste star.

The restaurant had seen the outbreak of a promising skirmish last Orange Day, July 12, and the fight had continued most of the night, until Hogan and his bruisers knocked the brawling heads together and tossed them in the street.  
But Orange Day was far from this early April night and Marie was proud of the white fox fur that snuggled around her shoulders. It was Race's costliest, and obviously therefore, most meaningful gift.

Marie ignored the music. "I ask you, Race, what are you doing about this?"  
"And I told you, Petite, we wouldn't discuss it." He said it without any interest in her feelings, and it made her angry.

Of all mornings, Addie had did to President Lincoln. It was definitely a non-political tour. President Theodore Roosevelt emerged as a hero for his 1902 restoration of the White House and elimination of Victorian clutter. Mrs. Eisenhower was credited with bringing "superb" American antiques into the diplomatic reception room.

Newsmen Howard K. Smith returned to television Wednesday night on a new network—ABC—with the announced determination to experiment with news commentary, explaining the meaning of current events, which he claimed has never succeeded on TV. For his opening show, he bit off an enormous chunk, the relative power of the Soviet Union and its allies and of the United States and its allies.

Even if Smith had not taken time out for short and somewhat irrelevant interviews with his former boss, Edward R. Murrow, and the author of a book on Soviet education, the half hour would not have been long enough even to scratch the surface of his subject. Besides, he was earnest, rather dull and the format seemed better suited to radio than TV.

## Pair Robs Bank of \$24,000

COLUMBUS, Ga. (AP) - Two armed men, their faces heavily smeared with makeup, spent less than five minutes in robbing the five points branch of First National Bank of \$24,000.  
They walked into the bank at 1:40 p.m., Wednesday, and ran out when one robber shouted "time."  
One man held the bank employees at bay and acted as timekeeper; the other moved from cage to cage cleaning out the teller's receipts.  
"Time" came while the collection bandit was still gathering up money. He stopped immediately, turned and ran out the door with his companion. They fled by car.

## The Man Just Kept Staring

MIAMI, Fla. (AP) - "Send somebody over to the One Eleven," she whispered, "some man" just keeps staring at me.  
Miami police received that telephone call Wednesday from Amelia Madelis, a barmaid. She called again: "Hurry, please."

The man sat on a bar stool. He was hunched over slightly and stared at Mrs. Madelis without saying a word.  
Police walked up to the man. He was dead.  
A medical examiner said Norman Peterson, 46, of Miami, died of natural causes.

## He Wore the Wrong Coat

CHATTANOOGA, Tenn. (AP) - The prosecutor suddenly stopped court proceedings and stared at the defendant, Raymond Roberts, on trial Wednesday for burglary. Turning to Judge Riley Graham, the prosecutor said: "The coat this man is wearing is mine. It was stolen from my home a few weeks ago."  
Roberts, 34, was held for grand jury on the case which sent him to City Court—and later was charged with burglarizing the home of prosecutor Joe Dittisio.

## Didn't Stay Long

SANTA MONICA, Calif. (AP) - Red Skelton went to the hospital for a rest, but he didn't stay long. The comedian was admitted to St. John's Tuesday and Dr. William C. Pomeroy Jr. said it would remain until Thursday for "a much needed rest" and a two day checkup.  
But after dinner Skelton packed up and went home. Pomeroy said Skelton would fight his fatigue on his own residence.

## Truman Raps the Architecture

WASHINGTON (AP)—Washington, says former President Harry S. Truman, is "full of chicken coops and crackerboxes."

Truman, chatting with a reporter about Washington's new buildings, added: "I'm no architect, but some day they are going to have hallstones here — and we find out about these crackerboxes."

## Hope Girls in Victory in District Play

By VINCE FOSTER

The Hope Lady Cats advanced in the District Tournament at Prescott last night, by edging out DeQueen 46-45.

They trailed in the first period 11-9 but behind Lera Beth Callie, who took 16 points in the first half, Hope rallied to go ahead 25-22 at the half. A big third quarter stretched their lead to 38-29 going into the final quarter. With Farmer and Odum fouling out, DeQueen managed to cut their lead to one point, but the Lady Cats were saved by the buzzer.

Lera Beth racked up 11 field goals, and 6 free throws to total 28 points. Melba Callum followed with 10 and Janice Lloyd 8. Peters led DeQueen with 23.

Friday, the Lady Cats will meet the winner of the Texarkana-Gordon game in the finals. Saturday night the Bobcats and the B team travel to Magnolia for a pair of district games there.

## Littler Rated Man to Beat in Tucson

TUCSON, Ariz. (AP)—Big money winner Gene Littler is rated the man to beat in the \$20,000 Tucson Open Golf Tournament which starts today.

But Littler is expected to be pressed all the way by one of the most evenly matched fields of the tour.

Six of the 10 men who have collected the most cash this winter are missing Arnold Palmer, Tommy Jacobs, Doug Ford, Bill Casper, Don January and Jay Hebert.

Former PGA champ Lionel Hebert says the absence of the major money winners will make this one of the most exciting tournaments of the campaign.

Hebert won the Tucson event in 1959. Littler in 1959. So far this year Littler has earned \$14,186.66, Hebert \$2,655.

The 6,404-yard, par 35-35-70 El Rio Golf and Country Club layout is an easy course for the men who excel with short irons and the putter.

## American in Soviet Skate Meet

MOSCOW (AP)—The gates of Lenin Stadium, where the world speedskating championships will be held, were thrown open for practice today, and only one American was expected to walk through.

Eddie Rudolph of Northbrook, Ill., became the sole U.S. representative for the weekend competition after two others walked out in a misunderstanding with the American Amateur Speedskating Union, which sponsored the U.S. team.

Eddie's brother George and Paul Nelson of Minneapolis left the team, according to sources in Oslo where they had been training, because they felt the parent group failed to back them. Nelson, the source reported, said he had received no official notification he had been selected for the world meet.

In Milwaukee, Phil O. Krumm, secretary-treasurer of the parent group, said he had asked members of Nelson's and the Rudolph's families earlier in the week to notify the skaters of their selection. He said he was told later the skater had been notified.

## Fight Results

By THE ASSOCIATED PRESS  
Union City, N.J.—Billy Bello, 148, New York, knocked out Kenney Bryant, 148, New York, 2.

## When to Fish or Hunt Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

Minor Major	Minor Major	A.M.	P.M.
Thurs.	2:19	8:25	2:40
Fri.	3:00	9:10	3:25
Sat.	3:35	9:55	4:10
Sun.	4:30	10:40	5:05

## Only Way to Keep It Aloft

## Top Teams Have Changed Now

By THE ASSOCIATED PRESS

For more than a month Pittsburgh and Chicago exchanged places at the top of the Eastern Division in the American Basketball League. Today it's New York and Cleveland tied for the top.

Chicago fell out of first Wednesday night by running afoul of the Kansas City Steers, Western Division leaders, at Wichita, Kan. The Steers won 109-104 for their sixth straight.

Cleveland, Eastern Division first half winners, reached the top for the first time during the second half by beating Hawaii 115-103 at New Castle, Pa. They were the only games played.

## Celtics Lose Game to New York

By THE ASSOCIATED PRESS

The defending champion Boston Celtics took it on the chin again from New York, 125-112, in the National Basketball Association Wednesday night. But their recent defeats won't mean anything come playoff time next month. That's what Coach Arnold (Red) Auerbach says, anyway.

"This is quite a team," Auerbach said. "We lost two key men after last season in Bill Sharman and Gene Conley, but the team's record (46-17 to date) is the league's best this year and the rest of the league is stronger than last year."

"So a few bouquets for this team."

In other games, the Los Angeles Lakers took a 10 game lead in the Western Division by crushing St. Louis 130-107. Detroit whipped Philadelphia 119-110 and Chicago upset Cincinnati 125-121.

## Utah Scorer Hits New Cage Marks

NEW YORK (AP)—Billy McGill of Utah, the nation's top major college basketball scorer, passed two big marks last week.

The 6-foot-9 Utah center hit his personal career high with 55 points against Montana Saturday night and at the same time became the 12th collegian to bag a three-year total of 2,000.

McGill's average this season is 36.9 on 733 points in 20 games through Tuesday night, according to the NCAA Service Bureau. His career total stands at 2,050.

Nick Werkman of Seton Hall, No. 2 in scoring, dropped off a bit to 33.2. Jack Foley of Holy Cross is next at 31.8.

In games through last Saturday, Ohio State's Jerry Lucas leads in field goal accuracy with a percentage of 64.5.

## Sheriff Resigns

HAMBURG, Ark. (AP)—B. A. Courson, who is completing his ninth two-year term as Ashley County Sheriff and Collector, announced Wednesday he is resigning effective March 1 to enter private business. A successor will be named by Gov. Orval E. Faubus.

In Milwaukee, Phil O. Krumm, secretary-treasurer of the parent group, said he had asked members of Nelson's and the Rudolph's families earlier in the week to notify the skaters of their selection. He said he was told later the skater had been notified.

GOING, GOING—Claude Chapman, white trunks, Harlem heavyweight, heads for the canvas in the first round after being hit on the whiskers by unbeaten Billy Daniels of South Ozone Park, N. Y., at the St. Nicholas Arena in New York. Daniels won a unanimous 10-round decision.

## Sheppard to Defend Sr. Golf Title

DUNEDIN, Fla. (AP)—Charlie Sheppard of Pittsfield, Mass., was determined to protect his lead in the PGA Seniors Golf Championship with the start of the second round today.

His opening day 66 held up against the oncharging younger contingent Wednesday. Jimmy Demaret of Houston and John Barnum of Belmont, Mich., came close with 67 each.

Today the 55 and over age group came back for the second round. The 50-54 bunch gets its chance again Friday. Then, whatever their ages, the low 125 and ties will play the final rounds Saturday and Sunday for the championship of the 72-hole event.

"I'm not afraid of any of them," said the 55-year-old Sheppard.

As expected, the 50-54 age group fattened the number of subpar scores to 31 after the entire field of 392 had completed the first round.

Defending champion Paul Runyan of a Jolla, Calif., was almost lost in the shuffle with a one under par 71, the results of what he termed a nervous round.

Another 71 — E.J. (Dutch) Harrison of San Francisco, is expected to improve and be a contender in his first seniors.

## Hawks Within Striking Distance

By THE ASSOCIATED PRESS

The high-flying Chicago Black Hawks, defending Stanley Cup champions, have closed to within striking distance of second place in the National Hockey League after a slow start.

The Hawks avenged a Saturday defeat by New York that snapped their six-game winning streak with a 4-3 victory over the Rangers in Chicago Wednesday night. It was the only NHL game played.

The triumph enabled Chicago to move within five points of the slumping Toronto Maple Leafs. The Hawks also opened a 10-point lead over the fourth-place Rangers, who had their four-game unbeaten string broken.

## State Loses to Louisiana State

MONROE, La. (AP)—Northern Louisiana State avenged an earlier loss and dropped Arkansas State 87-73 in a non-conference basketball game here Wednesday night.

Lanny Johnson paced the Louisiana's scoring attack with 24 points while Don Shadley led the Indians with 17.

Earlier in the season, Northeast State fell to Arkansas State 76-72.

## Negroes Ask Ruling on Racial Acts

LITTLE ROCK (AP) A motion to dismiss a lawsuit attacking the validity of four 1957 anti-integration acts was filed in U.S. District Court here Wednesday.

Ten Negro ministers filed the motion with Federal Judge Gordon E. Young who has sought the action because two of the acts were invalidated by the Arkansas Supreme Court.

Act 83 which created the state Sovereignty Commission and Act 85 requiring persons who solicit funds for lobbying to register with the commission, were held unconstitutional by the state Supreme Court.

No action was taken by the high court on Acts 84 and 86 because they were eliminated from the suit by agreement between the state and the ministers.

Act 84 held that no Arkansas child shall be required to attend any school where white and Negro students are enrolled.

The final statute, Act 86, authorized school districts to employ attorneys to defend them or school officials involved as a defendant in a lawsuit.

## Courtesy Underground

NEW YORK (AP)—Courtesy is going underground.

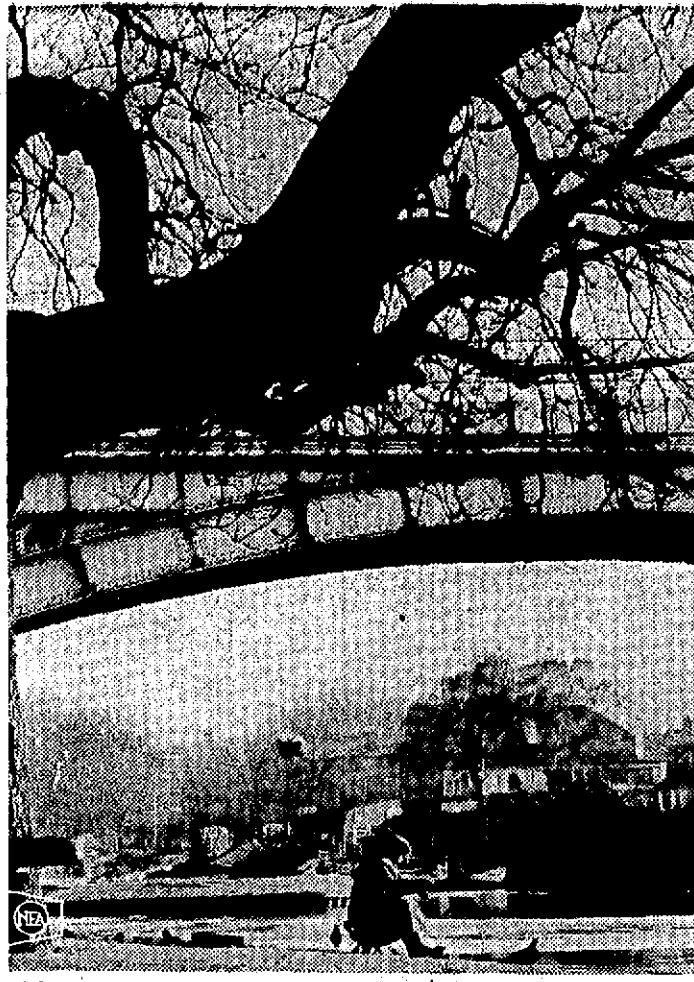

Starting today, the Transit Authority is conducting classes on politeness for its 35,000 subway employees. The course for each employee will consist of three weekly sessions of four hours each.

## No Comment

MOSCOW (AP)—The Soviet news agency Tass reported the postponement of Lt. Col. John H. Glenn Jr.'s orbital launching today without comment.

prior to the Geneva conference opening.

Some highly placed officials said that if Khrushchev wants to keep alive the prospect of a summit meeting he probably would not find it difficult to back away from his 18-nation proposal. They speculated that he might ask for a three-power meeting among himself, Kennedy and Macmillan.

SERENITY—An elderly fisherman basks in winter sunshine trying his luck beneath a leafless tree in a pastoral setting at Richmond, England. Breaking the pattern of rustic simplicity is modern bridge across the Thames River.

## Hope Star SPORTS

## Controversial Grid Rule Changed

PHILADELPHIA (AP)—The football rule which caused a controversy in Notre Dame 17-15 victory over Syracuse last year has been amended to allow a penalty and another play extension of the game—for running into or roughing the kicker on the last play.

Dave Nelson, University of Delaware coach, and Elwood Geiges, a member of the National Collegiate Athletic Association rules committee, announced Wednesday the amended rule has been approved by the NCAA and is in the process of being inserted into the official football rules book.

The two were assigned to adjust the rule which was felt to be inequitable as it read.

In effect, Notre Dame, under the amended rule, would get an extra play just as it did on the controversial play under the same circumstances.

## Warns Tariffs Not Complete Answer

LITTLE ROCK (AP)—Sen. J. W. Fulbright, D-Ark., warned Wednesday night that strict tariffs won't solve the problems faced by American agriculture and industry.

Speaking to Agricultural Stabilization and Conservation Service personnel, Fulbright said he would guarantee that instituting such tariffs to protect the United States wouldn't "make you farmers happy."

He said some persons feel that strict tariffs to protect American people would make everybody happy.

Citing farm products as among the United States' chief exports, Fulbright said if the U.S. shut out goods foreign nations have to offer, they in turn will close the door to American products.

The two-day ASCS conferences concluded today with a speech by Dr. James T. Ralph, assistant secretary of agriculture for agricultural stabilization.

## Says Win Tribute to Her Husband

COLUMBIA, S.C. (AP)—Democrats in South Carolina's 2nd Congressional District have nominated Corinne Boyd Riley to Congress—an action she regards as "further tribute" to her husband, the late Rep. John J. Riley.

Mrs. Riley, 67, of Sumter, defeated State Rep. Martha Thomas Fitzgerald of Columbia by more than 2-1 in a special primary Tuesday.

Republicans of the district met Tuesday night and decided not to put up a candidate against Mrs. Riley, who has promised not to run for re-election after serving out the remainder of her husband's term.

## N. Y. White House

NEW YORK (AP)—Jacqueline Kennedy came to New York City Tuesday for a private overnight visit.

A Secret Service man at the Carlyle Hotel, where the President's wife stays when in the city, answered the telephone by saying "New York White House."

## Duquesne Is Humbled by Small College

By JIM HACKLEMAN  
Associated Press Sports Writer

Oh, the embarrassment of it all. Or, how the mighty do fall.

Duquesne, rated among the nation's very best major college basketball teams, suffered what must have been the supreme ignominy Wednesday night—losing not only to a decided underdog, but to a decided underdog from the small school ranks.

Westminster of New Wilmington, Pa., pulled off the stunner at the Pitt Field House in Pittsburgh, outlasting the Dukes 63-61. The Titans, listed No. 6 in The Associated Press small college ratings, went in front at the midway mark in the first half and led by 32-22 at intermission.

Duquesne pressed repeatedly in the second half but the Titans had enough scramble to hold on for the whipping triumph. For Westminster, it was the 15th victory in 17 games—it's losses were to Pitt and St. Francis (Pa.)—while the loss was the fourth in 20 starts for the ninth-ranked Dukes. Five Westminster players scored in double figures, led by Wallace Sallade's 15 points. Willie Somerset had 21 for Duquesne.

The game was part of a doubleheader. In the opener Miami (Ohio) trimmed Pitt 75-72.

North Carolina State gained a measure of revenge against North Carolina, blasting the Tar Heels 85-57 at Raleigh. The Wolfpack, who'd been beaten five straight times by North Carolina, improved its Atlantic Coast Conference mark to 8-3, remaining third behind Duke (9-2) and Wake Forest (8-2).

Virginia Tech's Gobblers continued on their home winning tear, coming from 11 points behind at the half and overcoming VMI 85-71 in the Southern Conference.

Xavier (Ohio) zipped from six points back with an early second half spurt, fought off two Louisville rallies, and handed the Colonels their third loss in a row. 79-67. Navy (13-5) scored its 10th successive victory, 77-50 over Rutgers. Air Force, flying toward a possible tournament berth, won its 13th in 16 games with a 75-44 romp over Colorado College.

In a doubleheader at the Philadelphia Palestra, Temple built up a 42-20 bulge at halftime and coasted in against Penn 70-60 after LaSalle, had bumped Canisius 73-63.

## Challenge to Indonesians by Kennedy

By PETER ARNETT

JOGJAKARTA, Indonesia (AP)—Robert F. Kennedy drew a mixture of cheers and jeers today after challenging student hecklers "if you disagree with any aspect of American policy step forward—come up here and tell me."

Only one student of Jogjakarta's Gadjah Mada University came hesitatingly forward with a long question referring to the American "capitalistic and monopolistic society."

Jabbing his finger toward the youth, the U.S. attorney general launched into a long statement on U.S. life and politics. Showing flashes of anger, Kennedy told the students at one point to grow up when they attempted to pin him down on the U.S. attitude toward Indonesia's claim to Dutch-held West New Guinea.

After reiterating that the United States felt ownership of the disputed territory should be determined by negotiations, he added heatedly: "You should be more mature. Here, you've had the benefit of an education and you cannot expect the United States to agree with everything you do."

The attorney general said his brother, President Kennedy, was injured in the Pacific during World War II partly to free Indonesia and during the same time American soldiers were seeking to free Holland.

"We retain ties with both countries and we want a peaceful settlement between you," he said repeating the theme he has been stressing since arriving in Indonesia with his wife on Monday on a good-will tour.

A member of the Kennedy party emphasized that the attorney general "is under no instructions to mediate the Dutch-Indonesia dispute over West New Guinea."

The spokesman's comment came in reply to newsmen who asked about Indonesian Foreign Minister Subandrio's statement Wednesday that Kennedy was "seeking a speedy solution" to the dispute. Kennedy and the Indonesian president met Tuesday in Westpresday and are scheduled to confer again on Sunday when Kennedy returns from his tour of central Java and Bali.

HIGH-WIRE PERIL—The accident which killed two of the Wallenda aerial troupe was the first fatality to mar the aerial act's history, but misadventure has brought near-tragedy. During a Boston appearance in 1939 Henrietta Walenda fainted while sitting on the shoulders of another performer. Here, the unconscious girl is being lowered safely from the 40-foot-high wire.

NOT A MIRAGE—A workman enjoys a raft ride on a man-made lake in the Sahara Desert. Engineers created the lake to feed fire hoses to fight the blazing gas well.

## Reappointed to Commission

LITTLE ROCK (AP)—Dan Felton Jr. of Mariana was reappointed to the Commission on Coordination of Higher Education Finance by Gov. Orval E. Faubus today.

Felton drew the short term when the 10 commission members drew cast lots for staggered terms. Kennedy and the Indonesian president met Tuesday in Westpresday and are scheduled to confer again on Sunday when Kennedy returns from his tour of central Java and Bali.

# CBS Shaken About Golf Program

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—CBS moved fast after a sports columnist asserted that some of the shots shown on that network's Sunday afternoon "This Wonderful World of Golf" were not made by the contestants during the match, but by "ghost" players a day or so later.

The hour-long program showing top golfers competing on courses all over the world with Gene Sar-

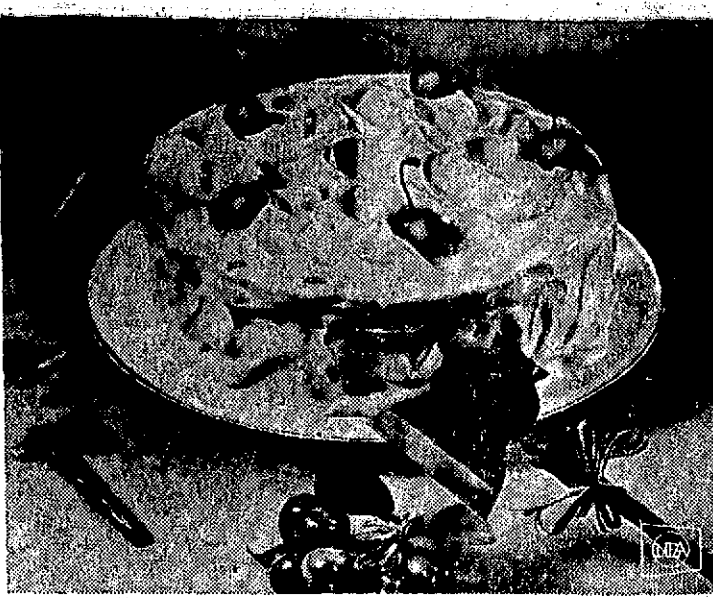

zen as commentator, is not produced by the network, but by an outside packager. When the allegation was made, CBS executives and the packager went into a closed-door huddle. Result is that next Sunday the program will start with an explanation that occasionally the producers have taken "dramatic license to illustrate a shot."

Shaken, Bill MacPhail, head of CBS sports department, explained that a few shots were added later to demonstrate better how champion golfers played a particularly interesting hole.

CBS stirred up a hornet's nest with its "Biography of a Bookie Joint," earlier this season. NBC caused some sharp controversy a couple of weeks back with its strongly editorial "White Paper" on the welfare policies of the New York city of Newburgh. Now CBS will be getting into sensitive areas again—on Washington's Birthday, too—with a "CBS Reports" program on the resurgence of the American conservatives, called "Thunder on the Right," which will include some material on the John Birch Society, Maj. Gen. Edwin A. Walker and Sen. Barry Goldwater.

It is estimated that 80 per cent of the world's dates are harvested in Iraq.

Pitcher John Coleman, of the Philadelphia Nationals, lost 43 games in 1953, a record that still stands.

WHAT WOULD Washington's Birthday be without a cherry cake? This one has a cherry filling and cherry frosting.

LUXURIOUS, yet economical, chicken breasts with rice and orange slices are an all-season dish, simple to prepare.

## Subjects in the World of Science

By THE ASSOCIATED PRESS

The fantastic mathematics of weight and size needed to reach the moon, a superquick memory for scientists, and a new approach to bring science to young school children are subjects for Science at Work.

### Thinking Ahead

The United States is aiming at getting a man to the moon. But take a look at what it will take to do the job.

A mammoth rocket, still being designed, called the Saturn C5, will land a man on the moon or carry a man around the moon, says Dr. Werner von Braun of the National Aeronautics and Space Administration.

The Saturn C5 is a real space age giant, weighing as much as a naval destroyer. It will stand 350 feet tall and be 33 feet in diameter. Its weight—about 3,000 tons—is about the same as 25 fully loaded Boeing 707 jetliners.

This 35-story, flying skyscraper will be able to put into orbit a capsule that weighs almost as much as one Boeing jetliner.

To carry three men to the moon and bring them back safely, Dr. von Braun says, will take a Nova rocket—almost three times as powerful as the Saturn C5.

Thin, Fast Memory  
Scientists have made themselves a memory which can sort out a stored bit of information in less than 100 billionths of a second.

Our brains and nerves operate at speeds considerably slower—but the brain still amazes computer scientists with the amount of information it can store within the confines of the skull.

The new electronic machinery is an experimental design of International Business Machines Corp. It actually records bits of data on a magnitized film laid down on a highly polished silver plate. The extremely fast speed will allow the memory to be used as a sort of a scratch pad or index memory for the more complex computers of the future.

Not for Adults Only  
For your children—even in first grade and sometimes kindergarten, there is a beginning look at science. Teachers are finding high pupil interest in subjects that range from satellites to the weather.

One new encyclopedia has been designed for the youngest pupil. Each definition has an explanation in big type, simply worded, followed by a detailed, more difficult explanation in smaller type for the more advanced reader. Included too are simple experiments for the classroom.

Now being offered to schools and to libraries, the "Young People's Science Encyclopedia" (Children's Press)—may soon be offered to families too.

## Jurors Picked in Grandmother Trial

HOT SPRINGS, Ark. (AP)—Nine jurors were seated in Garland Circuit Court today in the trial of Mrs. Carrie Talley, 68, accused of the murder of her 17-year-old granddaughter.

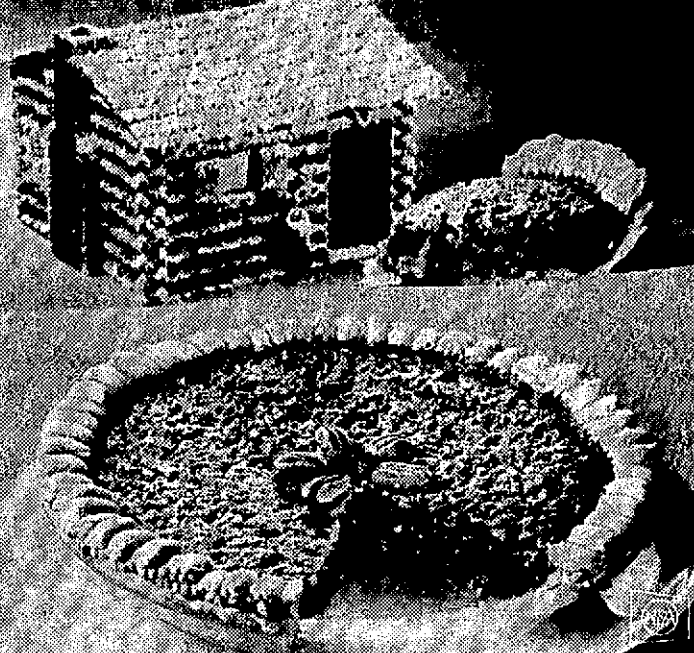

The jury was excused then until later so that 20 of a 50 member special jury panel could be called after the first panel was exhausted.

Mrs. Talley is accused of the September, 1960 shooting of Carolyn Jean Talley as she walked onto a porch of a house where her grandmother was baby sitting.

Two motions of the defense for continuance were overruled. One motion maintained the defendant was mentally incapable of assisting in her defense. The other complained the prosecuting attorney had not furnished a bill of particulars to the defense.

The first was overruled on ground that Mrs. Talley had been released from the State Hospital; the second on the contention that the defense, in two previous instances when the case was set for trial, did not ask for the bill.

Another 50 years will be needed before the entire United States will be adequately mapped, according to estimates.

DELICIOUS spiced pecan pie, said to be Abraham Lincoln's favorite dessert, is fitting tribute to him on his birthday.

## Touhy Arrested for Robbery

CHICAGO (AP)—Roger Touhy, 36, son of prohibition era gangster Roger Touhy, has been charged with a \$3,100 grocery store robbery Jan. 26 on Chicago's South Side.

Touhy was arrested Monday after the store manager and a

stockboy picked his photograph from police files. He was identified under the name of Roger S. Turner but told police he is the slain gangster's son.

Detectives said Touhy, who lives in nearby Yorkville, and another man pulled the stickup. Touhy is on three years federal probation for illegally cashing money orders.

## Convicts Plan for Place to Worship

By GEORGE CORNELL  
AP Religion Writer

NAPANCOH, N.Y. (AP)—Convicts at the prison here want a place to worship. And they've hit on a novel plan for getting it. The convicts are collecting trading stamps.

"It's an unusual procedure," said the Rev. Matthew Killian, Roman Catholic Chaplain at the prison. "But the usual methods of raising funds are not available here."

So the men behind bars, with an assist from the outside, began gathering the stamps—to be redeemed in cash or materials for construction of a prison chapel.

It'll be called "St. Jude's Within the Walls." St. Jude is the patron saint of the forlorn.

Through the Knights of Columbus, religious and fraternal organization, a call has gone out to Catholic men to send in stamps, individually or in books, to implement the project.

"It's a wonderful opportunity," said John Symonds of New York City, state deputy of the K. of C. "I'm quite confident that we can

get sufficient stamps within a few months to defray the expense of this chapel."

There are about 1,100 inmates in the prison here, the Eastern State Correctional Institution. Some are mental defectives, serving indeterminate terms. Many are young men, serving three to five years.

At present, Father Killian said, services have to be held in the gymnasium, with a portable altar. About 250 to 300 go to Mass each Sunday.

"It's a very makeshift situation. We're trying to instill in these men the values that they should have learned before but didn't, and we need an appropriate setting to attract and inspire them," he said.

"With a chapel, set aside for the worship of God and nothing else, the services should make a far more vivid impression in the lives of our men, and have more lasting effects."

He worked out the stamp idea, obtaining agreements from various sources that issue trading stamps to redeem them in money, or in building materials, instead of the usual merchandise.

Father Killian figures 65,000 books of stamps of any kind will

## Sandblast Machine Injures Worker

LITTLE ROCK (AP)—O'Dell Baker, about 40, of Malvern, was injured today when sand from a sandblasting machine was hurled into his face with terrific force in an accident on the State Capitol grounds.

Baker is a member of a crew of workmen making repairs to the Capitol dome.

He was on the ground preparing the machine for operation.

The machine backfired, apparently as a result of some malfunction in the mechanism, and the sand was thrown in his face.

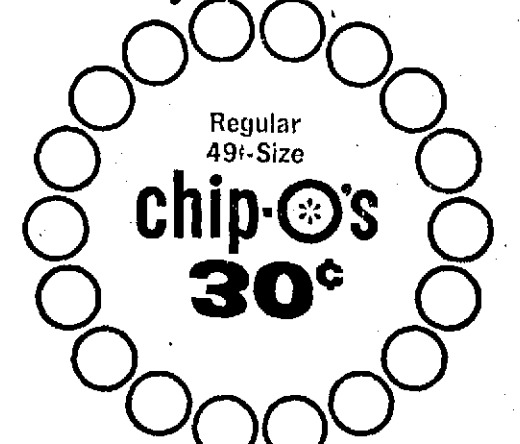

Baker was taken to Arkansas Baptist Hospital, where examinations were being made to determine extent and seriousness of his injuries.

do the job. They would be worth, in cash, about \$150,000.

The stamps are to be mailed to committee officials, Joseph L. J. Borgatti, of 2316 Belmont Ave., New York City 58; or Lawrence M. Cote, Box 271, Champlain, N.Y.

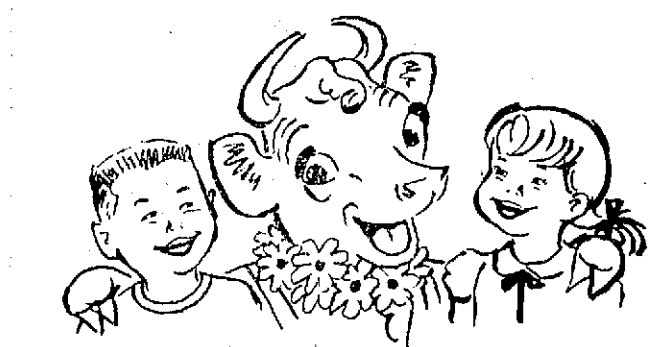

Inmates use spare time to sort them and paste them in books.

## Two Hurlers Sign New Contracts

By SHELTON SAKOWITZ  
Associated Press Sports Writer

Pitchers Ernie Broglio and Larry Sherry, disappointments last year after excellent seasons in 1960, have signed their 1962 baseball contracts hopeful of regaining their effectiveness.

Broglio, 26, agreed to terms with the St. Louis Cardinals Tuesday and took a substantial pay cut after getting more than \$20,000 a year ago. The right-hander, beset by arm trouble, wound up with a 9-12 won-lost record and a 4.11 earned-run average in 1961.

The previous season his 2.74 ERA was second best in the National League when he won 21 games while losing 9.

Sherry received a token boost in pay of about \$1,000 and okayed his pact with the Los Angeles Dodgers, calling for a reported \$25,000.

The relief specialist missed three weeks last season with a sprained ankle and compiled a 4-4 won-lost record, although being credited with 15 saves. In 1960 Sherry posted a 14-10 record while appearing in 57 games.

The signings' front was brisk Tuesday as the teams continued their tasks of getting the players signed before the advent of spring training. The Cards also overruled pitchers Bob Dilliba and Johnny Kucks to run their signees to 26. Second baseman Ken Aspromonte became the 33rd player in the Cleveland Indians' fold.

Only outfielder Bob Skinner and pitcher Larry Foss remained unsigned after pitcher Joe Gibbon came to terms with the Pittsburgh Pirates. The Pirates have 38 players under contract. The New York Mets completed the signing of their battery staff of 13 pitchers and 4 catchers when pitcher Bob Botz indicated he was satisfied with his pact.

Three rookies — shortstop Tom Trush, second baseman Pedro Gonzalez and outfielder Don Lock — agreed to terms with the New York Yankees. The Baltimore Orioles received signed contracts by four pitchers, Billy Short, Darold Knowles, Steve Cosgrove, and Dave McNally, giving them 28 players in the fold.

Three members of the Boston Red Sox okayed contract terms. They are third baseman Frank Malzone, catcher Russ Nixon and pitcher Bill MacLeod. Rookie infielder Dick Phillips signed his contract with the San Francisco Giants.

Pitchers Jack Spring, Bob Belinsky and George Conrad came to terms with the Los Angeles Angels, leaving only outfielder Leon Wagner and infielder Felix Torres among the unsigned.

More than 60 of the world's cities had populations of more than a million in 1960.

SPRIGHTLY surprise dish with an Asiatic influence teams rock lobster with pineapple cubes, served with fluffy rice.

## Missing Man Is Found in Kansas

HOT SPRINGS, Ark. (AP) — Carl Sanders, the man whom Little Rock police thought they had cornered under a house Feb. 2, has been picked up in Kansas City on charges of burglary and larceny filed here, Sheriff Duffie Searcy said today.

Sanders, a 31-year-old Negro, was the subject of a two-day police stake-out in Little Rock after police tried to arrest him on the Hot Springs charges.

Sanders and another man were arrested in a second floor room hut when they were being taken down stairs, Sanders broke away and wiggled under the house.

Police tried tear gas to no avail and finally sent two of their smallest men under the house to get Sanders. He was gone.

Garland County Deputy Sheriff Kenneth McKinney was en route today to Kansas City to return Sanders to Hot Springs.

Little Rock officers still are puzzled how Sanders escaped from them.

## Farm Employment Drops in U. S.

WASHINGTON (AP) — Last year's average of farm employment dipped 1.8 per cent below 1960 and nearly 8 per cent below the 1956-60 annual average, the Agriculture Department reports.

The 1961 employment averaged 6,900,000 compared with 7,118,000 in 1960 and 7,405,000 for the 1956-60 average.

Last year's decline, like others in many recent years, reflected use of more labor-saving machinery and equipment.

Farm wage rates last year averaged 83.4 cents an hour compared with 81.8 cents in 1960 and 86.1 cents in 1950.

## Two Killed in Highway Wreck

PINE BLUFF, Ark. (AP)—Fred Inman, 57, and his mother, Mrs. Mary Inman, 80, both of Stuttgart,

## A 1962 Resolution

A 1962 resolution that should top every housewife's list is to plan her foodmarket and grocery store shopping more carefully.

Planned buying would certainly help control the family budget, and also cause less back strain in lifting heavier bundles that stretch a normal shopping load to unwieldy proportions.

A few minutes sitting down with a memo pad in the kitchen to preview the best ways to stock pantry, refrigerator and freezer ultimately can ease the chores of marketing and make them more pleasant.

One good tip is to keep a running list of provisions as you use the last of your supply.

When you open the last can of peaches on the shelf, or reach for the single box of detergent stacked under the sink, write the item down immediately.

Next step, to save steps, is to transfer items from the replacement list onto a new list according to the geographical layout of your favorite market. For example, if the dairy counter is the last department you encounter when marketing, don't put butter, eggs, cheese and milk at the head of your list. Start the page with cereals or spices or whatever you are likely to pass first as you start your shopping route.

Many foodmarkets are making your life more convenient by stocking sherry, sauteer and burgundy wines created especially for cooking, along with other ingredients which add the special touch to well-flavored cooking. Because they are seasoned, these cooking wines by Holland House, the cocktail mix makers, can be added to your shopping list and obtained along with other basic items for the pantry shelf in one fell swoop at your market rather than by making a special trip to the liquor store.

were killed in a traffic accident six miles north of here on Highway 79 Tuesday night.

Their automobile collided with a truck, whose driver, Brice D. Van Dalsen, 28, of Pine Bluff, was injured seriously.

Van Dalsen suffered a broken leg and arm and possible internal injuries. He was taken to a Pine Bluff hospital.

## Old Friend in Defense of Powers

ENGLAND, Ark. (AP)—A man who served two years in the Air Force with U-2 pilot Gary Powers said today Powers is a loyal and patriotic citizen.

Powers has been in seclusion since his release from a Russian prison last weekend.

R. Casey Magle of England, who served with Powers in the 468th Squadron of the 508th Wing from 1953 to 1955, said he thought the reasons for some criticism of Powers lies in the fault of the government and not Powers.

He said he thought there was a lack of policy on members of the services who are captured as Powers was after he was forced down in Red territory on May 1, 1960.

Magle said of Powers, "we were first lieutenants together and there were many things that happened to both of us, so I learned much about his character."

Magle was squadron security officer and Powers was his assistant. Magle said Powers proved to be his "best assistant security officer."

## Ex-Arkanson Held in Murder

LAKE CHARLES, La. (AP) — Billy J. Wright, 36, a native of McCrory, Ark., has been charged with murder in the slaying of the daughter of a prominent Lake Charles physician.

Wright, who lived in McCrory until three or four years ago, is accused of the fatal beating of Mona Louise Hebert, 26.

Chief of Detectives Make Hogari said Wright, an assistant manager of a Lake Charles loan company, had admitted beating Miss Hebert after an argument Sunday.

She died in a hospital 24 hours after she was admitted.

Miss Hebert was the daughter of Dr. and Mrs. Louis A. Hebert.

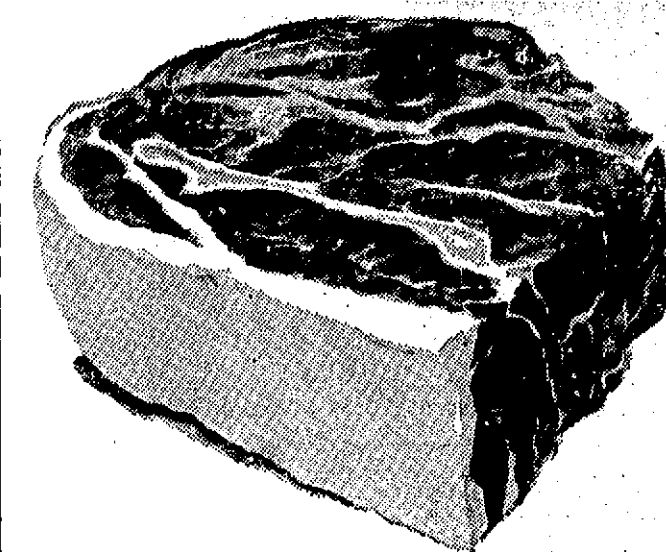

## Turks Round Up Ex-Ministers

ANKARA, Turkey (AP)—Turkish police today started a round-up of former ministers in the Cabinet of the late Premier Adnan Menderes who served before 1957. Menderes was executed on charges of misuse of authority while in office.

All those involved failed to win re-election in 1957 and were spared imprisonment following the army coup which toppled Menderes in 1960.

The arrests were ordered by a special inquiry council established to probe the activities of the Menderes regime prior to the 1957 election.

# Michigan Democrat Barely Wins

By FELIX B. WOLD

DETROIT (AP) — Democratic State Sen. Harold M. Ryan barely squeaked through to victory in a special election in Michigan's 14th Congressional District.

So thin was Ryan's margin in a district which Democrats have called their own for the better part of a quarter century that the loser, Republican Robert E. Waldron, also a state legislator, was considering a demand for a recount.

The unofficial tabulation gave labor-backed Ryan a margin of 764 votes among nearly 60,000 cast. Ryan had 30,366, Waldron 29,602.

Waldron said the unofficial result indicated victory for neither Ryan nor himself. He said he would decide on a recount request after an official canvass of the vote Thursday.

Waldron said the result failed to show "any sweeping approval" of the Democratic administration. The 14th's contest, filling the vacancy left by the death last fall of veteran Democratic Rep. Louis C. Rabaut, was considered of national import.

President Kennedy plumped for Ryan. Prior to the election Kennedy wrote Ryan expressing confidence the voters were aware of the election's importance and saying he counted on Ryan's future support of the administration in Washington.

A Cabinet member, Abraham Ribicoff, secretary of health, education and welfare, visited Detroit in behalf of Ryan.

Sens. Barry Goldwater of Arizona and Everett Dirksen of Illinois and Rep. Charles Halleck of Indiana endorsed Waldron.

Waldron's overwhelming support in the so-called silk-stocking precincts of Detroit's suburban Grosse Pointes helped to make the race close.

Waldron, serving his fourth term in Michigan's House of Representatives, had a 13,835-3,740 margin outside Detroit, mostly in the Pointe communities.

The 14th, solidly Democratic for almost all of the late Rep. Rabaut's 25 years in Congress, is composed of parts of Detroit's East Side and the suburbs of Harper Woods and the Pointes.

Ryan, 50, an attorney, has been Senate minority leader in the Michigan Legislature since 1955.

History's worst tornado blasted across Illinois, Indiana and Missouri in 1925, killing 689 and injuring 1,990 persons.

# College Presidents Plan Conference

LITTLE ROCK (AP) — Presidents of the University of Arkansas and the seven-state supported colleges will meet here Friday with state officials to consider rules under which they will spend \$7.5 million in state funds for school construction.

L. A. Mashburn, the state comptroller, said a ruling is expected by the attorney general's office that day in which the state will be notified time for appeal of a lawsuit challenging the construction fund has expired.

A series of rules to regulate and keep tight control over the funds has been adopted by Mashburn's office with the approval of Gov. Orval E. Faubus.

The state Purchasing Department and comptroller are responsible for overseeing the construction program.

The 1961 legislature appropriated the funds under Act 65 which was ruled valid by the Arkansas Supreme Court on Jan. 23.

The funds are financed through issuance of certificates of indebtedness.

# Senator Has Quit Freedom Organization

By JACK BELL

WASHINGTON (AP) — Sen. Thomas J. Dodd, D-Conn., bowed out today from participation in the conservative Young Americans for Freedom anti-Communist rally scheduled for March 7 in New York.

At the same time it was disclosed that Sen. Barry Goldwater, R-Ariz., was the prime mover in the organization's withdrawal of an invitation to resigned Maj. Gen. Edwin A. Walker to address a meeting billed as a "conservative rally for world liberation from communism."

Dodd, who had been designated to receive an award, wrote Donald B. Shaft, head of YAF, that he didn't want to be "the only publicly identifiable Democrat in a rather large group of Republicans" at the session.

Dodd said he had expected to attend "a non-partisan meeting for the purpose of honoring a diverse group of Americans for contributions to freedom and anti-communism."

Instead, he said, "the meeting has come to represent in the mind of many a partisan gathering with extremist coloration which seeks to claim some exclusive relationship with the anti-Communist movement."

Goldwater, a member of the

# Feuds Always Part of Big Business

BY HAL BOYLE

NEW YORK (AP) — "We're a team—just one big happy family," many a business president brags in his annual report to the stockholders.

It might be more truthful if he

YAF advisory board, was reported to have notified the organization he could not appear on the same platform with Walker since the latter had announced his candidacy for the Democratic nomination for governor of Texas.

The Arizona senator was said to have contended that any such appearance would make it seem he was endorsing Walker's candidacy. The YAF was reported to have hinted to Walker he ought to withdraw. When the former general didn't, the YAF withdrew its invitation.

# had changed an adjective and described his organization as "one big scrappy family."

While fringe benefits—such as piped in music and automatic pencil sharpeners—are slowly turning the average office into an eight-hour-a-day utopia, all is not yet sweetness and light among the employees in these commercial Edens.

It doesn't take much to turn hired hands against hired hands in the cramped confines of the ordinary business firm. Here are a few feuds you'll probably find typical of those in your own office:

The senior vice president is hated by all the other vice presidents because he has wall-to-wall carpeting—and they don't.

Miss Esmerelda Primp, 25 years behind the same typewriter, nurses a secret grudge against Peter Pincay, the personnel chief, because in 1937, her first year on the job, he sent a valentine to every other girl in the office—and forgot her.

Although once pals, Jack and

Charlie, in the shipping department have worked silently side by side without speaking to each other since 1948. They fell out over the question of whose turn it was to buy coffee and doughnuts during a coffee break.

Jasper Quill, the bookkeeper and office lightward, is miffed at Axel Gripper, the handyman, because in 1951 Axel talked him into buying a nickel church raffle ticket. Jasper didn't win, and is sure he was sabotaged.

Winnie Winsome, the bleached blonde sten, has a peeve against the two junior executives who give her a lot of sweet talk but never take her out to dinner or the theater. "Those creeps remind me of NATO—no action, talk only," she tells the other girls.

The other girls dislike Winnie because, when they ask her to go with them to a concert, she replies, "Not me. Mozart isn't the man I'm looking for. Besides, I'm too young to enjoy hen parties."

Elmer Clause, the union shop steward, is mad at all management because he hasn't had a

nerit raise in 12 years. At each office yuletide party he has to be forcibly restrained from stabbing the executives with the Christmas tree.

J. Larimer Lofly, the boss, is angry at the janitor for leaving the lights burning overnight during the Easter holidays in 1949; angry at Elmer Clause for his latest union demand, a reclining electric vibrating chair for the room, and angry at the whole staff for wanting 40 hours pay for 14 actual hours of work a week.

"Just one big happy family?" Why, it's that good old Cain-versus-Abel atmosphere that lends zest to office living.

If the employees had to give up their feuds, they'd all resign in a huff. The office would be too downright boring.

Prince Charles Is Doing Fine

LONDON (AP)—A medical bulletin today said Prince Charles had a good night and is continuing his recovery from an appendic

# Murder Trial to Open at Spa

HOT SPRINGS, Ark. (AP)—The trial of Mrs. Carrie Talley, 68, charged with slaying her 17-year-old granddaughter, Carolyn Jean Talley, is scheduled to open in Garland Circuit Court Wednesday morning.

Mrs. Talley is charged with first degree murder in connection with the Sept. 13, 1960 death of the girl, who was shot when she walked on the porch of a home where Mrs. Talley was baby sitting. Mrs. Talley has admitted firing at the girl, but said she did so only to scare her away.

Her attorneys have tried unsuccessfully to have her declared legally insane.

The victim was the daughter of Walker Talley, a former Hot Springs policeman, and Mrs. Mary Talley.

# Negro Convicted of Murder

HOT SPRINGS, Ark. (AP)—Joe Marshall, 72, a Negro, of Hot Springs, was convicted of second degree murder Monday and his sentence fixed at 12 years.

The jury which returned the verdict deliberated an hour.

Marshall was convicted of the fatal shooting of a neighbor, Ike Vaughn, 70, also a Negro, last December.

# Education Board

LITTLE ROCK (AP) — Mrs. Lucille Ball, a Little Rock school teacher, will oppose O. E. Roberts of Greenwood, Sebastian County school supervisor, April 6 for an at-large seat on the Arkansas Education Association board. Mrs. Ball and Roberts received the highest votes of five persons in an earlier nominating primary.

India has a greater population than the United States and the Soviet Union combined.

# Coffee, The Brown Brew, Comes From White Blossoms And Dark Red Cherries

The coffee you pluck from your grocer's shelf has had an interesting career before it finally achieved its destiny in your kitchen.

It comes from a full, glossy-leaved tree-shrub growing somewhere in the tropics, not too far from the equator. In bloom, the coffee tree is filled with white, fragrant blossoms. After the blossoms fall, coffee cherries form which slowly turn from green to dark red. When the ripe cherries are harvested, the pulp of the fruit is discarded and the two "pits" in the heart of the cherry are kept. These, in fact, are what we know as coffee beans.

The crop of coffee beans is cleaned by one of several processes, then dried for weeks in the warm sun of the tropics. The coffee must be constantly turned and raked as it dries so that results will be even. At long last, the final parchment coating on the beans is removed by machinery and voila!—green coffee is ready to be shipped to the United States for blending, roasting, grinding, packing. Soon after, you purchase a pound of your favorite coffee from your grocer.

# How To Make Good Coffee

Here are a few pointers that will help you to brew excellent coffee every time. First of all, start with a clean coffee-maker, fresh coffee and fresh cold water. Most important—pay close attention to each measuring and timing. For both serving, use:

- 1 Approved Coffee Measure (or 2 level measuring tablespoons) of coffee
- 2 of a measuring cup (6 ounces) of water

Here are the directions for accurate timing for each type of coffee-maker:

Percolator—percolate over low heat from 6 to 8 minutes, no longer.

Vacuum—hold brewing coffee in upper bowl no longer than 3 minutes.

Drip—pour in boiling water; it should go through coffee in 4 to 6 minutes; stir before serving.

## What Firms Seek to Gain by Mergers

EDITOR'S NOTE: Companies are merging at a faster rate, often to the delight of the stock market. This, second of four articles by Sam Dawson, AP business news analyst, tells what companies seek to gain by uniting instead of fighting.

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—Posting of marriage banns by American corporations is increasing. It usually does when general business activity rises. But today's changing business pressures account for much of the new vigor in the already long postwar trend.

The Federal Trade Commission puts mergers in 1961 at 1,234, up 222 from 1960 when business was slipping, and 334 more than in another recession period, 1958. A generally bullish stock market helped increase merger ardor last year. This always makes it easier to consummate a corporate marriage by the exchange of stocks.

But this year some of the merger proposals have been in industries fallen on hard times, without much relief so far from the rise in general prosperity. Examples are the railroads and the airlines.

Many Eastern railroads have gone through a spell of red-ink bookkeeping. They look on mergers as a way to cut costly competition, to save money by ending duplication of services and facilities and by pooling equipment and maintenance, and to use the savings to get much needed new rolling stock.

The airlines' hard times were brought on by a sharp increase in competition as route extensions were granted in recent years, and then by going in lock to get the speedy jets that fly more passenger miles—without benefit of enough more passengers to fill the seats.

Red ink often adds enchantment to a corporate courtship because of our tax laws. When a company running at a loss is bought up by a prospering one, the buyer can use the tax loss credits to reduce its own tax liability. This makes its reported net earnings much bigger. On a bullish stock market that can be quite an item.

But prospering small companies also are prizes in the marriage market. Sometimes they are bought up to get an outstanding management team, and sometimes because their fast selling products would round out the buyer's line. Or they may have well-developed marketing channels the buying company can get cheaper by merging than by competing.

Often a union is sought because management believes one can live cheaper than two. That is, the surviving company can thus cut costs or dead weight, use facilities to the maximum instead of part time, save man hours in factories and offices, and duplication in distribution and selling.

In today's business setting, however, the urge to merge may be simply because size itself means economy. Often the fastest way to grow is to unite two or more companies rather than striving to expand against competition or to start up new divisions. The larger company can command more bank credit which it needs if it's to grow.

The newly big corporation also can afford the expensive automation which plays an ever growing part in cutting costs, in keeping up with the giants in the field, in providing products and services customers demand.

And there's also the efficiency of an integrated company that buys up suppliers on the one hand and sales outlets on the other.

A much newer reason for merging is on the horizon. That's the need to be stronger to compete with fast growing industrial rivals in Japan and in a prospering and uniting Western Europe. To this end some of today's mergers are by American companies buying into foreign firms for production or sales outlets.

Next: Why labor frets more today about mergers.

## Romney Gets a Leave of Absence

DETROIT (AP)—Directors of American Motors Corp. today gave George Romney a leave of absence to seek nomination as Republican candidate for governor of Michigan and gave his post as chairman to Richard E. Cross and his job as president to Roy Abernethy.

Before resigning his dual jobs, Romney was elected a vice chairman of the board and then was granted a leave. He will remain as a director without salary or bonus.

Cross, an attorney and director, will be chief executive officer as well as board chairman. Abernethy, currently executive vice president and general manager, will be chief operating officer as well as president.

Romney announced Saturday he is a candidate for the nomination to oppose first-term Democratic Gov. John B. Swainson in November.

## E. Berlin Has New Registration

BERLIN (AP)—Registration of 22-year-olds for military conscription has begun in Red-ruled East Berlin, it was announced today. The United States, Britain and France protested to the Soviet Union. They consider that East Berlin is still occupied territory from World War II. German military activity is forbidden in Berlin by agreement with the Soviets. Col. Andrei I. Solov'yev, the Soviet commandant in the city, refused to receive the protest.

## Russians Claim Freighter Buzzed

LONDON (AP)—Moscow radio said today a Soviet tanker was buzzed repeatedly by two U.S. planes near Haiti Monday. The broadcast identified the vessel as the Maxim Gorky. It said one plane flew over just above the masts nine times. The Maxim Gorky was bound for Cuba with a cargo of oil.

## Sometimes Die Before You Live

By BOB THOMAS  
AP Movie-TV Writer  
HOLLYWOOD (AP)—A reflection at 70 by Eddie Cantor: "Sometimes you almost have to die in order to live." The famed banjo eyes discovered this 10 years ago when he

was stricken by a heart attack. He is still around to talk about it and other matters, and he did so on the occasion of passing his three-score and ten.

"People in this town die too early. It's terrible. They work, work, always meeting deadlines. Pretty soon they meet so many deadlines they become headlines," Eddie said.

"I remember when I had my heart attack 10 years ago. A woman wrote me: 'Cantor, we want to see less of you—longer.' That's not a bad idea."

It has been 10 years since Eddie pepped up an audience by tapping his palms together, doing his hopping dance and singing "It You Knew Suzie." When I called for a post-birthday chat on a rainy day, he gave me the directions to his Beverly Hills house and said, "Take your time."

Eddie does. He walks at an easy pace, talks deliberately and takes life as it comes. But the mind is still sharp, and he punctuates his remarks with a flash of the famous eyes.

"I still keep busy," he said.

I'm writing a monthly column in the Diner's Club magazine. It's mostly reminiscence of people I have known—Will Rogers, Fanny Brice, W. C. Fields, etc. "Sometimes people ask me why the hell are you always reminiscing?" tell them it's because I don't know where I'm going, but I know where I've been.

"Those were much better times. Nowadays you've got Khrushchev and the bomb and hundreds of people killing them selves on the highways every hol-

day. Does anybody wonder why I prefer to reminisce?"

**Couple Killed**  
PINE BLUFF, Ark. (AP)—A head-on collision between a car and truck six miles north of here on State Highway 79 Tuesday night took the lives of a Stuttgart couple and critically injured a Pine Bluff man. The victims were Mr. and Mrs. Fred Herman Sr. Brice D. Van Dalsem, 28, the truck driver was hospitalized with a broken leg, arm and possible internal injuries.

# Picture in Big Nine Unchanged

By THE ASSOCIATED PRESS

With Blytheville having an open date, North Little Rock pulled within half a game of second place in the Big Nine Conference basketball race, downing Little Rock Central 30-23 Tuesday night.

In other games, Texarkana started well but fell to superior Pine Bluff 45-35 while Fort Smith used a full court press to edge Hot Springs 38-27.

El Dorado had the night off.

League leading Little Rock Hall beat Little Rock Catholic 42-35 in a non-conference match.

The Wildcats from North Little Rock parlayed backboard superiority and accuracy from the carthily line into a victory over the Tigers. Central tried to use delaying

tactics which did little more than bore the 1,300 impatient fans.

At Hot Springs, the Trojans tried gamely for an upset but ran out of steam. The Grizzlies let a 22-12 halftime lead slip until Hot Springs pulled within one point, 26-25 at the end of the third period.

Scoring honors went to Port Smith's Phillip Young with 13.

Although Texarkana jumped off to an early lead, 11-7, Pine Bluff took command of the boards and outdistanced the shorter Razorbacks.

Hall continues to dominate the Big Nine standings, followed by Blytheville, North Little Rock and Pine Bluff in the first division.

Heading the lower five are Fort Smith, El Dorado, Central, Hot Springs and Texarkana.

The tiny isle of St. Helena, Napoleon's exile island in the south Atlantic, has no internal mail system.

## Winds Leave 8 Dead in Europe

LONDON (AP) — High winds raging across Europe and the British Isles today left at least eight persons dead and more than 100 injured in West Germany alone.

Many German roads were blocked by trees.

In Britain, where five were killed Monday, coastal areas reported gusts up to 60 miles an hour.

In the rough North Sea, rescue ships took 20 crewmen off the blazing British freighter Fountain Abbey. Two crewmen were missing and believed lost in the storm.

First quarantine station was erected at Marseilles, France, in 1893. Here travelers from infected ships were detained for 40 days.

## President Kennedy Salutes Lane Bryant Annual Awards

Nominations are now open for the 1961 Lane Bryant Annual Awards for outstanding voluntary service to the community. It was recently announced by Raphael Malin, president, Lane Bryant, Inc.

The 1960 Lane Bryant Annual Awards were presented on November 16, 1961 at a luncheon in the Plaza Hotel.

President John F. Kennedy said: "Since the early days of this republic, we have greatly valued volunteer work and neighborly cooperation. They were basic virtues of our pioneers and they are deeply imbedded in our national character and way of life. We need more than ever a vast expansion of this important activity..."

This statement was part of a message from President Kennedy read at the luncheon.

Established in 1948, the Awards seek to inspire participation in voluntary community projects throughout the country and to recognize volunteers who have made outstanding contributions to the well-being of their areas.

The Awards of \$1000 each are presented each year, one to a group and one to an individual. The Awards are not limited to any specific phase of volunteer work but are open to all individuals and groups whose non-remunerated efforts have benefited their communities.

The deadline for nominations for the 1961 Awards is March 15, 1962. All nominations must be submitted on official nomination forms and be accompanied by a 200 word summary of the candidates activities. Although a nominee may not win the Award one year, some have won it later.

Nomination forms and further information on the award program may be obtained by writing to Lane Bryant Annual Awards, 465 Fifth Avenue, Dept. K, New York 17, New York, or at any Lane Bryant store.

## Homemakers Give Skit on FHA Work

A skit, "Future Homemakers' Grow Step By Step" was given by four members of the Hope Chapter of FHA at the meeting on Tuesday. The skit was centered around FHA degrees members may attain.

There are three degrees a member may work for, the Chapter, the Junior and the State. The State degree is the highest and most enviable degree a member may receive.

After the skit, Janice Bailey, president, told the members about the state convention held in Little Rock last March as she made the announcement about the 1962 FHA State Convention to be held in the Robinson Auditorium on March 16-17. Mrs. Hanegan, advisor of the FHA Chapter, discussed the trip after which the meeting was adjourned.

## Zesty Meat Loaf

MEAT LOAF is an easy-to-prepare, hearty main dish for winter evenings. And it can be deliciously different, if you mix a little A.I. Steak Sauce with the ingredients. Try it and see if your family doesn't ask, "Mom, how can meat loaf taste so good?"

**HAMBURGER LOAF**

- 2 beaten eggs
- 1 cup rolled bread crumbs
- 1 lb. ground beef
- 2 Tbsps. A.I. Steak Sauce
- 1 tsp. salt
- 1/2 cup milk

Mix ingredients in order given and pack in 5" x 8" loaf pan or 8" ring mold. Bake 45 minutes at 350°. Turn out on platter. Surround loaf or fill center of ring with cooked rice, peas or sauteed mushrooms. Serves 6.

## Forest Fire Season Just About Here

In spite of our recent rains, Arkansas' fire season is just around the corner. According to past records, approximately four per cent of our forest fires occur in February. 15 per cent in March and 60 per cent in April.

During the year 1960 when similar conditions existed 44 forest fires burned over 2,020 acres in Hempstead County, reports County Agent Calvin Caldwell.

During the last year, 2,281 fires burned over 48,074 acres in this state, resulting in over one million dollars damage. Of the total number of fires, 810 were incendiary in origin, 406 were started by hunters, 383 by brush burning and 372 by smokers.

More than one half of all the forest land burned over was caused by incendiary fires. A few fires were caused by railroads, campers, lumbermen and lightning. All fires, except lightning, were man-caused and could have been prevented.

With the possibility of dry, windy weather ahead, now is the time to make preparations. Remember that fire prevention is your business, my business, and good business, Mr. Caldwell said.

## Teachers Has Tight Grip in AIC Race

State Teachers continued its tight grip on the Arkansas Intercollegiate Conference basketball race Tuesday night but the bottom three teams came to life, led by cellar-dwelling Southern State's victory over Henderson.

The Teachers won an important match with Ouachita 74-55 after an early scare.

But the accuracy of sophomore Freddy White of Blytheville, who scored 28 points, pushed ASTC way out front and to victory.

The Tigers, by losing, dropped a chance at moving into a first place tie with the Teachers.

With Troy Crumpler and Pete Lasater each scoring 20 points, Southern State's stubborn Mule-riders pounced onto Henderson 68-65 and took their third AIC victory.

Henderson, which dropped to a 7-3 AIC record, held an opening lead but Southern State dropped in 10 quick points early in the first half and raced to the victory.

Next-to-last Harding followed up the 30-point effort of Vernon Rogers for a 62-59 victory over Arkansas College at Searcy.

Forging from a narrow 26-25 halftime lead, the Bisons caught fire in the second half and moved to an eight-point margin before Harding, paced by Birdie Rogers' 20 points, got going again.

At Russellville, hot shooting Ken Saylor wasn't so hot but Arkansas Tech had an easy time in beating Hendrix 69-46.

Saylor was held to 17 points, his lowest scoring night of the season.

Continuing the low-over-high pattern, Ozarks eked out a 59-58 triumph over fifth ranked Arkansas A&M.

With nine seconds remaining in the game, Cleve Branscum dropped in a field goal to ice the match for the Mountaineers. Branscum poured in 31 to pace scoring while Solon Mobley led the Aggies with 19 points.

## Grow Up a Little, Rockefeller Says

LITTLE ROCK (AP)—Winthrop Rockefeller advised Arkansans Tuesday to "grow up a little" in their attitude toward out-of-staters.

And he took an apparent indirect thrust at Gov. Orval E. Faubus.

He told a civic club meeting that "a political leader had referred to persons not born in Arkansas as foreigners."

On several occasions during the 1957 school integration crisis, Faubus used the word "foreigners" in referring to visiting newsmen and others.

"I think Arkansas is benefiting immeasurably from these foreigners and that Arkansas will find strength by welding into the community those who have come here by choice," Rockefeller said.

Rockefeller, the chairman of the Arkansas Industrial Development Commission, has been a resident of Arkansas since 1953.

He was appointed, and later re-appointed, to the commission by Faubus.

New England families still play "All Fours," the first card game in America. It was introduced by the Pilgrims.

## Proves Corn Yield in Upland Area

James Jourmagan of Hempstead County, a farm and home development cooperator, proved that high corn yields are possible in the upland section of the Coastal Plains Area, according to Wade Benefield, associate county agent.

On one measured acre he produced 142 bushels of good quality corn. He also put approximately three bushels in his deepfreeze. There were at least five bushels left in the field which were damaged when the stalk broke over and the corn came in contact with the ground. This would give a total yield of 150 bushels. The county average is 27 bushels per acre.

To produce this yield Jourmagan used 5 tons of poultry litter from a broiler house, which he worked into the seedbed well before planting. He planted a recommended variety of hybrid seed. When the corn was 18 inches high he sidedressed with 80 pounds of ammonia nitrate.

This would indicate that given ample plant food where moisture conditions are favorable corn and other crops will produce surprisingly good yields.

## No Cornell Word, Fulbright Says

FAYETTEVILLE, Ark. (AP) — Sen. J. W. Fulbright, D-Ark., said Tuesday night he had not been contacted by Cornell University officials after a college spokesman said the Arkansas senator may be in line for the school's presidency.

The unidentified spokesman said Fulbright is probably among those being considered to succeed Deane W. Malott whose term as president expires in July, 1963.

Fulbright, reached at his home here, said he considered the possible nomination "very flattering."

The junior Arkansas senator is currently engaged in a speaking tour of the state. He is seeking re-election this year.

The college spokesman said "It is possible, even likely, that Fulbright has been nominated." He added, "We are still receiving nominations but no one is talking about them."

All nominations will be studied by a faculty-trustee committee with recommendations being made to the university's board of trustees.

## Eye-Openers

CHILDREN'S TOYS

Christmas season may be a holiday from school... but don't make it a holiday from safety. Avoid giving toddler complicated toys with sharp edges — electrical toys — flammable toys — toys with large gears and springs which might catch a child's fingers. For babies, be sure no toy has small parts which might be detached and swallowed.

More accidents happen to children's eyes at Christmas than at any other time of the year. The American Optometric Association suggests you supervise play involving toys which release dangerous flying objects. Aluminum trees with metal "pine needles" can be an eye-hazard if children play too close.

Don't "bargain" with eye health by investing in toys with poorly ground glass lenses. Optical systems in frequently used toys — microscopes, telescopes, field glasses, etc. — should be chosen as carefully as you would choose eyeglasses for your child. This is not the place to economize when you do your Christmas shopping. K

## Files for Office

LITTLE ROCK (AP) — Fines F. Batchelor Jr., a Van Buren attorney, filed Tuesday as a Democratic candidate for prosecuting attorney of the 16th Judicial Circuit.

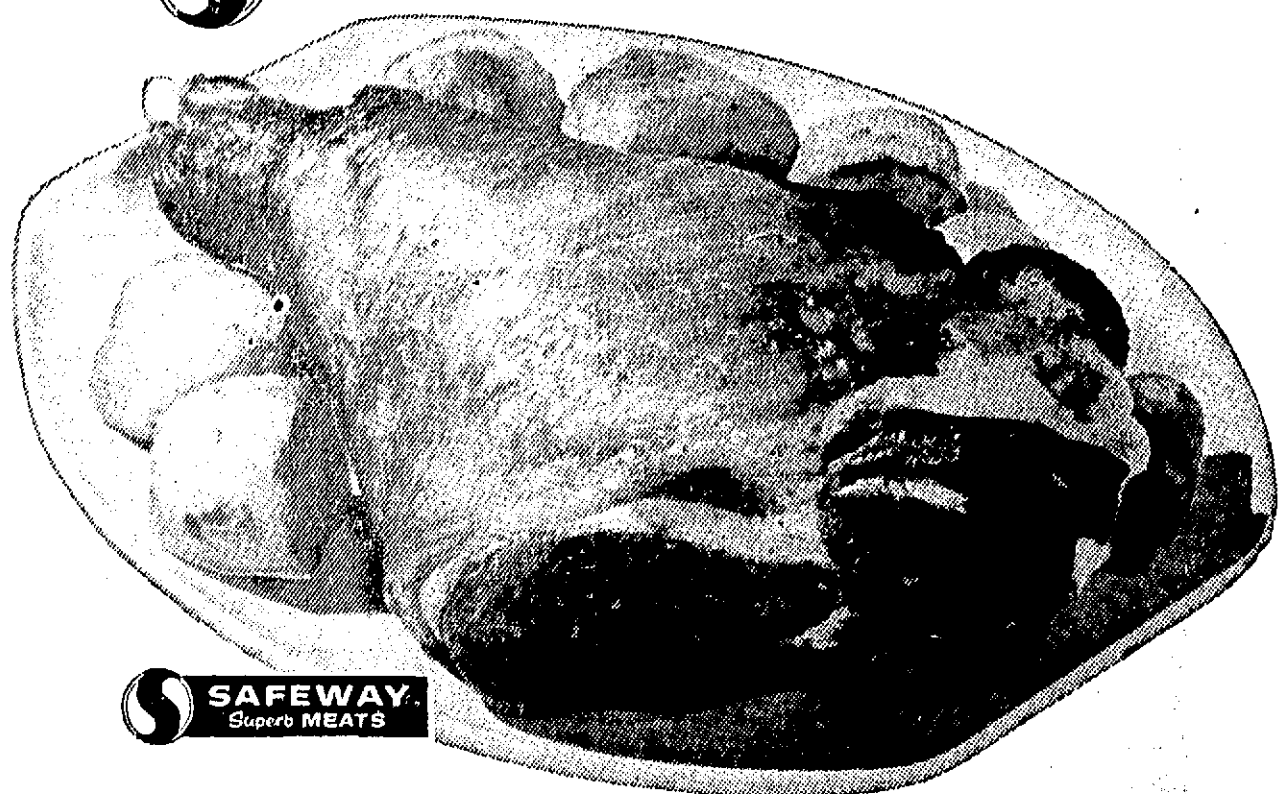

Batchelor is seeking the post currently held by J. H. Evans of Booneville who has not announced re-election plans. The circuit includes Crawford, Franklin and Logan counties.

## Lacks Support

OSCEOLA, Ark. (AP) — Dr. David Mullins, president of the University of Arkansas, told a Rotary - sponsored rural - urban meeting here Tuesday night that the university's overall program lacks adequate support. Mullins, while citing the lack of support, did not mention a building bond issue defeated last year by Arkansas voters.

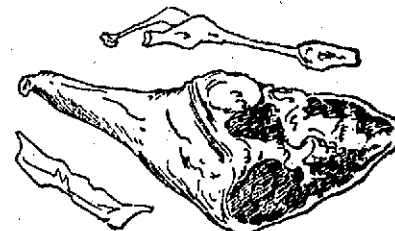

# SAFeway Superb Leg o' Lamb

Superb is the word for Safeway Leg O' Lamb! Exquisite with mouth-watering tenderness . . . delicious with delicate flavor. Guaranteed to please the most exacting lamb connoisseurs. Fresh cut from finest USDA Graded Choice Lamb, then aged to perfection. For lamb at its finest . . . all you need to remember is Safeway!
